Dusty,
WDFW supports this project and the future restoration work on this property. This project will eliminate the need for routine maintenance work along this reach of Ringer Loop Road and it enables the restoration of floodplain function and habitat values. This project will benefit the public and fish and wildlife habitat on many levels. We look forward to working with the County on restoration plans for this property and on more flood risk reduction and/or habitat restoration projects in the future.

Thanks for the opportunity to support this great project,
Jen
