Mr. Nelson,

Community Development has brought it to my attention that you have recorded a survey for the Bare property, under AFN:201611230006.

I am aware that there was a failing on part of the county to provide you with the County Surveyor comments, and for that I apologize.

I would like to point out that all recorded surveys should meet the requirements as laid out in WAC 332-130-050, regardless of whether they are reviewed by CDS or not.

Given the errors noted on my review, I would strongly urge you to file an amended survey, if you haven't already begun that process.

Again I apologize, and look forward to working with you in the future. If you find yourself in the CDS or Public Works offices, please swing in and ask for me, as I would enjoy meeting you in person.

Justin Turnbull, PLS
County Surveyor
Kittitas County Public Works
411 N. Ruby St., Ellensburg, WA 98926
P: (509) 962-7523
