Not at all. A bit of explanation. On this project, the Shorelines permit is needed under the Shoreline Master Program, while the Public Facilities permit is needed under County Code.

Dusty,
I'm unclear on the relationship between the Public Facilities Permit and the Shoreline Substantial Development Permit, however since the two permits are highly inter-related we were planning on summarizing any comments WDFW had on this project for the later SD permit due by 11/24. Please let me know if this will present a problem.

Thanks,

Scott
