Mr. Pilkington,
Good morning. I believe there are but two water sources and two OSS's involved. I will provide the required data before July 27, 2016.
Kind regards,
Bob Bailey

Mr. Bailey,

Greetings. When I sent the determination of completion letter for your boundary , I did not realize that Public Health would need any and all water sources and septic systems on the preliminary survey in order to properly assess the application. Could you send me a scanned version that shows the needed information? Alternatively, you could drop a paper copy off at CDS. The email thread from Public Health is below.

Thanks!
