Dusty - We all do it as it easier to plug in information then to re-write the entire letter and at least on my own stuff it always jumps out to me after I have mailed it.

I am going to send a follow up email with a couple issues I have to give you a chance to review to decide how best to proceed.

Thanks,

Apologies. I am still getting into the swing of things on the job, and I still need to remind myself to check EVERY number on there. IT is SP-16-00002. Thanks.

You have referenced 3 different short plat numbers in your CPA. I am planning on using SP-16-00002 as per note 1 unless you direct otherwise.
