Water purveyor (if on public water system):__________________________

The site is located on a public road _____ private road _______ (check one)

Name of road: (1) Perry Rd (2) Dodge Rd

Fire District #: 2____________________
IV. FOR TEXT AMENDMENTS

Identify the sections of the Comprehensive Plan and Zoning Ordinance that you are proposing to change and provide the proposed wording (attach additional pages if necessary).

Request land use designation of the two parcels from Commercial Ag to Rural.

V. FOR ALL AMENDMENTS

A. Why is the amendment needed and being proposed? There has always been an inadequate water supply to these parcels. Last year, 2005, resulted in no apple crop production on either parcel. The USDA Natural Resources Conservation Svc has declared these parcels as "Highly Erodible Land" as stated in a letter dated 10/12/96 (attached). The two parcels are too small for large commercial orchard operation consideration.

B. How does the proposed amendment consistent with the County-Wide Planning Policies for Kittitas County?

GPO 2.6  GPO 2.119  GPO 2.129  GPO 8.12
GPO 2.113  GPO 2.124  GPO 8.5  GPO 8.25
GPO 2.114B  GPO 2.125  GPO 8.7
GPO 2.118  GPO 2.126  GPO 8.11

C. How is the proposed amendment consistent with the Kittitas County Comprehensive Plan? Lack of water does not make the two parcels economically productive. With neighboring housing developments, the KRD right-of-way and our orchard have become a trail and playground for motorcycles, four wheelers, four-wheel drive trucks, jeeps, horseback riders and hikers. Vehicles have torn up access roads inside and outside the orchard; broken pipe and sprinkler lines, knocked down trees and branches and damaged fruit from shotgun pellets. The parcel is boardered on the south by I-82 (see attach) D. How have conditions changed that warrant a comprehensive plan amendment?

The fruit industry has changed in the past 10 years from small orchardists to being dominated by a few large conglomerates. Small growers are being phased out and will soon be history. Right to farm laws have been challenged in court recently in Yakima County and in each case the farmers have lost. A president has been set in the (see attach)

VI. SUPPORTING INFORMATION (ATTACH THE FOLLOWING)
Continuation Sheet; COMPREHENSIVE PLAN AMENDMENT DOCKETING FORM
Applicants:  Thomas W. & Lynne Mahre
            1260 Orchard Rd.
            Ellensburg, WA 98926

To: Kittitas County Community Development Services, Darryl Piercy, Dir.

V. FOR ALL AMENDMENTS
C. How is the proposed amendment consistent with the Kittitas County Comprehensive Plan? Continued:
   which is considered Rural; a deep sagebrush canyon on the East (Rural); another deep sagebrush canyon on the West (Rural); the KRD right-of-way canal and housing development and a vacant parcel on the North. Therefore both parcels fit Kittitas County's rural definition rather than the Commercial Ag definition.

D. How have conditions changed that warrant a comprehensive plan Amendment? Continued:

   court system which now opens the way for anyone that has a complaint against an agricultural grower can win in court.
   I am now in my mid 70's and would like to retire. The comprehensive plan makes it impossible for me to do so as long as the parcel remains in Commercial Ag. Yet, GPO 8.7 states: "Private owners should not be expected to provide public benefits without just compensation."
   Referring to the Kittitas Co. Comprehensive Plan, pages 176 and 177, paragraphs 3, 4, 5, and 6; the author(s) state that comprehensive planning may only work in a "totalitarian society". Yet, that is just what the plan is dictating to the citizenry and landowners. Every County Commissioner, Planner and citizen of Kittitas County should read, digest, and give some soul searching on where the county is heading with such a document.
   On pages 7 and 8 of the Kittitas Co. Comprehensive Plan 2.2(B) Private Property Rights under RCW 36.70A.020(6) "property rights of landowners shall be protected from arbitrary discriminatory actions."
   There are no provisions for older farmers or for those in poor health who want to retire. The comprehensive plan assumes the farmer will farm forever. It further takes away rights as landowners to sell their land as they see fit. It dictates what the property owner can do, devalues his life long building of assets and his property below market value and is a taking in what I understood to be, a free democratic society.
A. **SITE PLAN OF THE PROPERTY WITH THE FOLLOWING FEATURES:** buildings; points of access, ABUTTING roads, and parking areas; septic tank and drainfield and replacement area.

B. Application is hereby made for A COMPREHENSIVE PLAN AMENDMENT to authorize the activities described herein. I certify that I am familiar with the information contained in this application, and that to the best of my knowledge and belief such information is true, complete, and accurate. I further certify that I possess the authority to undertake the proposed activities. I hereby grant to the agencies to which this application is made, the right to enter the above-described location to inspect the proposed and or completed work.

Subject: Highly Erodible Land

Dear Tom;

This letter is in regards to your request to verify the fact that your property is Highly Erodible. In reviewing your farm plan and the various fields they are highly erodible.

Allen Aronica,
Allen Aronica, Technician
