COMPREHENSIVE PLAN AMENDMENT DOCKETING FORM

I. CHECK THE APPROPRIATE BOXES

COMP PLAN MAP ☑️ COMP PLAN TEXT ☐

NOTICE: If the amendment you are applying for is within an URBAN GROWTH AREA or you are proposing a UGA expansion of the Ellensburg, Cle Elum, or Roslyn UGA you are required to docket your item with that City as well. You must contact the appropriate City for filing deadlines, fees, application, and costs.

II. GENERAL INFORMATION

A. APPLICANT’S NAME: Ellensburg Cement Products/ Taylor Ranches LLC
   MAILING ADDRESS: Tyge Taylor, Patrick Taylor II, Katie Taylor, Susan Taylor
   Separate address’s on attachment
   E-MAIL ADDRESS: lmorrison@ellensburgcement.com
   BUSINESS PHONE: 509 933 7050 HOME PHONE: 

B. AGENT’S NAME: Lenny Morrison
   MAILING ADDRESS: P.O. Box 938
   Ellensburg, Wa. 98926
   E-MAIL ADDRESS: lmorrison@ellensburgcement.com
   BUSINESS PHONE: 509 933 7050

C. SITE PLAN/PROPERTY MAP with the following features (as applicable): buildings, points of access, abutting roads, septic tank, drain field, etc. PLEASE ATTACH

D. LIST OF 500 FOOT ADJOINERS – PLEASE ATTACH. If adjoining parcels are owned by the applicant, the 500 feet extends from the farther parcel. If the parcels is within a subdivision with a Homeowners or Road Association, please include the address of the association. (Required on all applications for notification purposes)

III. FOR MAP AMENDMENTS

A. TAX PARCEL NUMBER(S): Tax parcel numbers attached
   TOTAL ACREAGE: 251.06 Total
   SITE ADDRESS: 
   OWNER(S): Please See attached for property owners and address’s
   MAILING ADDRESS: 
   HOME PHONE: 

(Additional sheets may be attached if more then one parcel is involved)
B. EXISTING COMPREHENSIVE PLAN DESIGNATION:
   Rural

C. EXISTING ZONING:
   General Industrial, Rural, AG 20, AG 3

D. PROPOSED COMPREHENSIVE PLAN DESIGNATION:
   Mineral Lands of Long Term Commercial Significance

E. PROPOSED ZONING DESIGNATION *:
   Remain the same as zoned

F. THE PRESENT USE OF THE PROPERTY IS:
   Agriculture, Cattle grazing, Sand and Gravel excavation

G. SURROUNDING LAND USE:
   General Industrial, Agriculture, Cattle grazing, Sand and gravel excavation, Residential.

H. SERVICES
   Please provide the following information regarding the availability of services.

   The site is currently served by sewer _____; septic ✓ (check one)
   Sewer purveyor (if on public sewer system): At three home sites

   The site is currently served by a public water system _____; well ✓
   Water purveyor (if on public water system): At three home sites

   The site is located on a public road _______ private road ✓ (check one)
   Name of road: All sites served by private road
   Fire District #: __________________________

IV. FOR TEXT AMENDMENTS
   Identify the sections of the Comprehensive Plan and Zoning Ordinance that you are proposing to change and provide the proposed wording (attach additional pages if necessary)
A. Why is the amendment needed and being proposed?
The growth of housing, resorts and commercial properties in Kittitas, county, are
taking resource land out of possible use as sources of minerals used in
construction. It is very important to set aside land for this vital resource and
protect it for the future of the county.

B. How does the proposed amendment consistent with the County-Wide Planning Policies
for Kittitas County?
Sand and Gravel extraction is allowed with a Conditional Use Permit. These
parcels are surrounded by rural and commercial industrial zones.

C. How is the proposed amendment consistent with the Kittitas County Comprehensive
Plan?
8.5(C) Natural Resource activities contribute to the counties overall economic base.
GPO 8.26 Laws and Regulations which unnecessarily restrict farming, logging,
and mining should be opposed, and laws and regulations which enhance them
should be supported.

D. How have conditions changed that warrant a comprehensive plan amendment?
The tremendous growth in Kittitas County has made it very difficult to purchase or lease
and permit land for mineral resource excavation. This designation will help balance
between development and available resource lands that are essential for the for the
future of the county.

VI. Application is hereby made for A COMPREHENSIVE PLAN AMENDMENT to authorize the
activities described herein. I certify that I am familiar with the information contained in this
application, and that to the best of my knowledge and belief such information is true, complete,
and accurate. I further certify that I possess the authority to undertake the proposed activities. I
hereby grant to the agencies to which this application is made, the right to enter the above-
described location to inspect the proposed and or completed work.

June 16, 2008

Kittitas County Community Development Services
411 N. Ruby St. Suite 2
Ellensburg, WA 98926

Ref: Mineral Lands of Long Term Commercial Significance.

1. Physical properties of the resource, including a quality and type.

The anticipated resource consists of materials consistent with the Yakima River basin. The resource is covered with topsoil with a depth from between 1-3 feet.

2. Depth of resource.

The depth is known to be at approximately 70 feet.

3. Depth of overburden.

The depth of overburden varies between 1-3 feet this is known by comparison to adjoining excavation.

4. Accessibility and proximity to the point of use or market.

The excavation site is accessed by using highway 97. The road to the 14.44 acre Hutchinson site will be accessed by private road through the ECP pit. The Taylor properties are accessed by a private road that leads to the Taylor properties. These sites have excellent access to our main processing area in the Hutchinson pit. The expansion will provide material for construction companies serving the Ellensburg areas.

5. Physical or topographical characteristics of the mineral resource site.

The property lies with a gentle slope toward the southeast corner. This is typical of the surrounding area. The land is currently used as pasture, and some hay.
6. Life of the resource.

Estimated resource is approximately 15,641,038 cubic yards of raw material. This resource could last several years depending on demand of product.

7. Availability of public roads.

The excavation site is in close proximity of Highway 97 but is only accessible through the main operations Ellensburg Cement Products on a private haul road.

8. General land use patterns in the area.

The general land use is for grazing cattle, Mineral lands, and general industrial.

9. Surrounding parcel sizes and surrounding uses.

Parcel sizes vary from 20 acres to over 100 acres. Burlington northern railroad is to the north, and north east, Interstate 90 to the southwest plus Highway 97 to the east, and mainly surrounded by mineral lands on two borders with cattle grazing on northwest border. This area is rural ag 20 and General Industrial with some light residential to the western corner.

Sincerely,

Lenny Morrison

Environmental/ Safety Manager
