Name of road: Industrial Loop

Fire District #: Fire District #10

IV. FOR TEXT AMENDMENTS

Identify the sections of the Comprehensive Plan and Zoning Ordinance that you are proposing to change and provide the proposed wording (attach additional pages if necessary)

Kittitas County Community Development Services

Darryl Piercy, Director

The City of Kittitas is proposing to include the WWTP area within the its UGA boundary (see attached map)

V. FOR ALL AMENDMENTS

A. Why is the amendment needed and being proposed?

The City would like to annex the WWTP area to ensure control and management of operations and maintenance, are consistent with City Plans and Regulations.

B. How does the proposed amendment consistent with the County-Wide Planning Policies for Kittitas County?

CWPP for Siting of Essential Public Facilities Policy C states:

Essential public facilities whose nature require that they be sited outside cities, urban growth nodes, or UGAs must be self-supporting and must not require the extension, construction, or maintenance of municipal services and facilities. Criteria shall be established that address the provision of services when siting an essential public facility. Essential public facilities should not be located outside cities, nodes, or urban growth areas unless the nature of their operations needs or dictates that they be sited in the rural area of the County.

The Current facility is not "self-supporting" and currently utilizes extended "municipal services" and therefore would only be in compliance with CWPP if incorporated within the UGA of Kittitas.

C. How is the proposed amendment consistent with the Kittitas County Comprehensive Plan?

GPO 5.79 & 5.110 restate the CWPP above stating the importance of EPF being within a jurisdictions UGA; this amendment would accomplish that goal.

GPO 5.114 states the "Primary initiative for capital facilities such as water, sewer, and arterial roadways within UGAs shall be the responsibility of the cities. Required facilities to accommodate growth shall be included in the city's capital facilities plan. The primary financing mechanism shall be local improvement districts as authorized in RCW 35.44..." The City of Kittitas currently maintains all responsibilities for the WWTP including, budget, planning, maintenance, and administration.

Kittitas County Community Development Services

Darryl Piercy, Director

D. How have conditions changed that warrant a comprehensive plan amendment?

The City of Kittitas believes that an oversight has occurred and the WWTP should have been included in the initial UGA boundary.
