Finance Division, Building #1 TA-20
Camp Murray, WA 98430-5032**

In addition to sending a copy of the audit, the Contractor must include a corrective action plan for any audit findings and a copy of the management letter if one was received.

If Contractor claims it is exempt from the audit requirements of Circular A-133, Contractor must send a letter identifying this contract and explaining the criteria for exemption no later than nine (9) months after the end of the Contractor's fiscal year(s) to:

**Accounting Manager
Washington Military Department
Finance Division, Building #1 TA-20
Camp Murray, WA 98430-5032**

The Department retains the sole discretion to determine whether a valid claim for an exemption from the audit requirements of this provision has been established.

The Contractor shall include the above audit requirements in any subcontracts.

Conducting a single or program-specific audit in compliance with Circular A-133 is a material requirement of this contract. Project Worksheets are written and submitted to FEMA after evaluation and review of all available documentation.
- g. The APPLICANT may submit additional costs that are identified, with the supporting documentation for these costs, to the DEPARTMENT not later than four (4) weeks following submission of the Final Costs Claimed form for review and consideration. The APPLICANT understands that any costs identified after a Project Worksheet is written and submitted to FEMA may not be eligible for reimbursement.

ADDITIONAL AGREEMENT PROVISIONS AND WORKSHEET
For Compliance With The
Federal Funding Accountability and Transparency Act of 2006 (P.L. 109-282) (FFATA)

The Federal Funding Accountability and Transparency Act (FFATA) was signed on September 26, 2006. The FFATA legislation requires information on federal awards (federal financial assistance and expenditures) be made available to the public via a single, searchable website. Federal awards include grants, subgrants, loans, awards, cooperative agreements and other forms of financial assistance as well as contracts, subcontracts, purchase orders, task orders, and delivery orders. The legislation does not require inclusion of individual transactions below \$25,000 or credit card transactions before October 1, 2008. However, if an award is initially below this amount yet later increased, the act is triggered. Due to this variability in compliance Subrecipients are **required** by the Military Department to be familiar with the FFATA requirements and complete this Worksheet for *each contract* for the State's submission in to the FFATA portal.

ADDITIONAL PROVISIONS

- A. This contract (subaward) is supported by federal funds, requiring compliance with the Federal Funding Accountability and Transparency Act (FFATA or the Transparency Act) and Office of Management and Budget Guidance (OMB). Public Law 109-282 as amended by section 6202(a) of Public Law 110-252 (see 31 U.S.C. 6101 note). By entering into this contract, contractor agrees to provide all applicable reporting information to the Washington Military Department (WMD) required by FFATA and OMB Guidance.
- B. The FFATA requires the OMB to establish a publicly available online database (USASpending.gov) containing information about entities that are awarded Federal grants, loans, and contracts. As required by FFATA and OMB Guidance, certain information on the first-tier subawards related to Federal contracts and grants, and the executive compensation of awardees, must be made publicly available.
- C. For new Federal grants beginning October 1, 2010, if the initial subaward is equal to or greater than \$25,000, reporting of the subaward and executive compensation information is required. If the initial subaward is below \$25,000 but subsequent grant modifications result in a total subaward equal to or over \$25,000, the subaward will be subject to the reporting requirements as of the date the subaward exceeds \$25,000. If the initial subaward equals or exceeds \$25,000 but funding is subsequently de-obligated such that the total award amount falls below \$25,000, the subaward continues to be subject to the reporting requirements of the Transparency Act and OMB Guidance.
- D. As a Federal grant subawardee under this contract, your organization is required by FFATA, OMB Guidance and this contract to provide the WMD, as the prime grant awardee, all information required for FFATA compliant reporting by WMD. This includes all applicable subawardee entity information required by FFATA and OMB Guidance, subawardee DUNS number, and relevant executive compensation data, as applicable.
 - 1. Data about your organization will be provided to USASpending.gov by the WMD or by the Federal Contractor Registry (CCR). CCR is a government wide registration system for organizations that do business with the Federal Government. CCR stores information about awardees including financial account information for payment purposes and a link to D&B for maintaining current DUNS information, www.ccr.gov. WMD encourages CCR registration and annual renewal by your organization to minimize unnecessary data entry and re-entry required by both WMD and your organization. It will also reduce the potential of inconsistent or inaccurate data entry.

2. Your organization must have a Data Universal Numbering System (DUNS) number obtained from the firm Dun and Bradstreet (D&B) (www.dnb.com). A DUNS number provides a method to verify data about your organization. D&B is responsible for maintaining unique identifiers and organizational linkages on behalf of the Federal Government for organizations receiving Federal assistance.

E. The WMD, as the prime awardee, is required by FFATA to report names and total compensation of the five (5) most highly compensated officers of your organization (as the subawardee) if:

1. Your organization (the subawardee), in the preceding fiscal year, received 80 percent or more of its annual gross revenues from Federal awards and \$25,000,000 or more in annual gross revenues from Federal awards; and
2. The public does not have access to this information about the compensation of the senior executives of your organization through periodic reports filed under section 13(a) or 15(d) of the Securities and Exchange Act of 1934 (15 U.S.C. §§ 78m(a), 78o(d) or section 6104 of the Internal Revenue Code of 1986.

“Total compensation” for purposes of this requirement generally means the cash and non-cash value earned by the executive during the past fiscal year and includes salary and bonus; awards of stock, stock options and stock appreciation rights; and other compensation such as severance and termination payments, and value of life insurance paid on behalf of the employee, and as otherwise provided by FFATA and applicable OMB guidance.

F. If (1) in the preceding fiscal year your organization received 80 percent or more of its annual gross revenues from Federal awards and \$25,000,000 or more in annual gross revenues from Federal awards, and (2) the public does not have access to this information about the compensation of the senior executives of your organization through periodic reports filed under section 13(a) or 15(d) of the Securities and Exchange Act of 1934 (15 U.S.C. §§ 78m(a), 78o(d) or section 6104 of the Internal Revenue Code of 1986, insert the names and total compensation for the five most highly compensated officers of your organization in the table below.
