

Public Notice
Kittitas County, Ellensburg WA

As of June 2, 2014, mitigation is required for all new uses of ground water in Kittitas County. Mitigation may include obtaining a portion of a senior (pre-1905) water right appropriate to offset the new ground water withdrawal. Kittitas County intends to offer water budget neutral mitigation through a County-owned and operated water bank starting December 2, 2015.

A requirement of this water bank is that connections will be metered and reported to the County and the Washington State Department of Ecology. Kittitas County is seeking proposals to provide services to implement the metering program for the Kittitas County Water Bank

Please visit the website for a complete scope of project and list of requirements.

Responses must be received by 5:00 p.m. on January 16, 2014. Responses received after this date and time will not be considered.

More information is online at <http://www.co.kittitas.wa.us/notices/>.
