Kittitas County Affordable Housing Funds

Section 1 – The Affordable Housing Act Program

The Washington State Legislature passed SHB 2060 into law in June, 2002. The law requires each county in Washington State to charge a ten-dollar surcharge on all recorded documents with the exception of those previously excluded from any fees. The intent of this act is to assist in the development and preservation of affordable low-income housing to address critical local housing needs. The law was amended in 2007.

RCW 36.22.178 as amended provides that the County may retain up to 5% of these funds for administration of the funds and 40% of the remaining amount will be forwarded to the State and is deposited into Affordable Housing for All account to be used to support extremely low-income persons with incomes at or below 30% of the area median income. The remaining 60% is retained by the County and deposited into a special fund to be used for housing projects or units within housing projects that are affordable to very low-income persons at or below 50% of the area median income (AMI).

The portion retained by the county shall be allocated to very low-income housing projects or units within housing projects in the county, cities and towns according to an inter-local agreement between the county and the cities and towns within the county, consistent with countywide and local housing needs and policies. A priority must be given to eligible housing activities that serve extremely low-income households with incomes at or below 30% of the AMI.

Permissible Uses Under the Law

1. Acquisition, construction, or rehabilitation of housing projects or units within housing projects that are affordable to very low-income households with incomes at or below 50% of the area median income, including units for homeownership, rental units, seasonal and permanent farm worker housing units, and single room occupancy units;
2. Supporting building operation and maintenance costs of housing projects or units within housing projects eligible to receive housing trust funds, that are affordable to very low-income households with incomes at or below 50% of AMI, and require a supplement to rent income to cover ongoing operating expenses ("Maintenance and Operations support");
3. Rental assistance vouchers for housing units that are affordable to very low-income households with incomes at or below 50% of AMI, to be administered by a local

public housing authority or other local organization that has an existing rental assistance voucher program, consistent with or similar to the United States Department of Housing and Urban Development's Section 8 rental assistance voucher program standards; and

4. Operating costs for emergency shelter and licensed overnight youth shelters.

N. Sale and Change of Use

Kittitas County has adopted an ordinance in Kittitas County Code (KCC) Chapter 2.81 concerning management of county property that may be applied in circumstances addressing sale and change of use of projects financed in whole or in part with county SHB 2060 affordable housing surcharge funds. Ordinance 2.81.090(15) provides that where County property has been conveyed without auction to a bona fide nonprofit organization, such conveyance shall be for the purpose of improvement and utilization in perpetuity to further a recognized county purpose, in exchange for the promise to continually operate services benefiting the public on the site, with appropriate restrictions and covenants relating to timing of improvements, disposition of revenue, accessibility by the general public, nondiscrimination, compliance with laws, removal of liens, and reversion of title.

Consistent the intent of this provision to protect the interests of the county and its people, and in furtherance of the health, safety and welfare of the community, it is the policy of Kittitas County that any projects funded with 2060 funds must, pursuant to RCW 43.185.070(3)(f), serve the original target group or income level for a period of at least twenty-five (25) years.

If the recipient of 2060 funds fails to meet the objectives and requirements of the low-income housing law and fails to serve the low-income housing community in accord with the intent and requirements of RCW 36.22.178 and RCW 43.83D.120 for at least a period of twenty-five years, then any new real property acquisition acquired with 2060 funds shall revert to the county, along with all facilities constructed thereon. Upon application to the Review Committee, and upon approval by the Board of Kittitas County Commissioners, new housing projects shall have this restriction placed on the deed. At the end of twenty-five years, the restriction may be removed.

Any deviation from this procedure may be addressed only with the specific approval of the Board of Kittitas County Commissioners in a process similar to that outlined in KCC 2.81.090(15) upon sale approval by the Board of Kittitas County Commissioners.
