

Kittitas County  
Solid Waste

**Agenda Staff Report**

**AGENDA DATE:**

1/4/2011

**ACTION REQUESTED:**

Request Boards signature on the Professional Service agreement with MRM Construction Inc.

**BACKGROUND:**

I have been working with the Architect for the Jail Pod project for the past couple of months to get the utilities located in the courtyard. It was determined it would be better to contract with all the parties separately instead of putting them together. MRM will be providing the labor and equipment to dig down and verify the type of line after they are located by Utilities Plus.

**INTERACTION:**

MRM Construction Inc., Prosecutors Office, and Architects Rasmusson Triebelhorn.

**RECOMMENDATION:**

Recommend Boards Signature on the Professional Service Agreement with MRM Construction Inc.

**HANDLING:**

Return two copies

**LEAD STAFF:**

Patti Johnson
