ACTION REQUESTED:

Request Boards Signature on a Professional Service agreement with Utilities Plus, LLC.

BACKGROUND:

I have been working with the Architect for the Jail Pod project for the past couple of months to get the utilities located in the courtyard. It was determined it would be better to contract with all the parties separately instead of putting them together. Utilities Plus, LLC will be doing the Utilities locating in the courtyard, and also in the west and east yard surrounding the building.

INTERACTION:

Prosecutors office, Architects Rasmusson Triebelhorn and Utilities Plus, LLC.

RECOMMENDATION:

Recommend Boards signature on the agreement with Utilities Plus, LLC

Return two copies.
