2                                   **COUNTY OF KITTITAS**

3                                   **STATE OF WASHINGTON**

4                                   **RESOLUTION NO 2010-48**

5       RESOLUTION REPEALING RESOLUTION 2004-36 AND GIVING GUIDANCE TO  
6                   ENVIRONMENTAL HEALTH REGARDING DETERMINATION RELATED TO  
7                   POTABLE WATER SUPPLY

8               WHEREAS, Chapter 58.17 RCW requires that the County make a determination if an  
9       applicant seeking to divide land has made appropriate provisions for among other things potable  
10       water, and

11               WHEREAS, Section 58.17.150 RCW requires the local health department make a  
12       recommendation for each preliminary plat as to the adequacy of the proposed means of water  
13       supply, and

14               WHEREAS, Section 19.27.097 RCW requires applicants to provide evidence of an  
15       adequate water supply for the intended use of a building, and

16               WHEREAS, Resolution 2004-36 ratified an administrative policy that fails to provide  
17       Environmental Health with sufficient information to made the determinations they and the  
18       County are required to under State Law , and

19       NOW, THEREFORE,

20                   IT IS HEREBY RESOLVED that:

21               The Resolution 2004-36 is rescinded and Environmental Health and Community  
22       Development Services are instructed to require the submission by an applicant for a land division  
23       or building permit any information that their training and expertise lead them to believe  
24       necessary to make determinations and recommendations required by State Law or County  
25       Ordinance.
