SPECIAL MEETING **JAIL DISCUSSION** **COMMISSIONERS**

At 11:30 p.m. **Chairman Jewell** opened the special meeting to have a discussion with County Jail staff. He explained that the discussion stemmed from a meeting the Board held last Wednesday. He explained that the Board felt getting all the players involved in this process at the table would work the best to accomplish the goal of today's meeting which was to clarify some design options and questions.

Undersheriff Myers reviewed what the needs will be of the Sheriff's Office staff for the old administration space location.

Discussion on the proposed layout and what the office spaces would be used for, and whether or not they would become space for other departments ie., County Coroner, Fire Marshal, Probation, Prosecutors, Security, etc. The Board was looking at any department that tied in with the Jail/Sheriff's department as an option as well as potential general storage for County departments, as they all are in need of more space.

Sheriff's Department staff explained their suggestions for the space and after various questions, comments and concerns expressed by staff the Board was in support of the proposal the Sheriff's Office presented. The Board did indicate that there was space they would like to offer the County Clerk for records storage and requested that staff schedule a meeting on March 2, 2011 at 8:00 a.m. with the County Clerk to discuss this potential option and see if there was interest.

Meeting adjourned 11:55 a.m.
