

Kittitas County Juvenile Probation

Agenda Staff Report

AGENDA DATE:

9/7/2011

ACTION REQUESTED:

Request to Approve a Consolidated Contract Continuation Program Agreement with DSHS for continuation of Juvenile Court programs during the interim period of new biennium Consolidated Contract development.

BACKGROUND:

Kittitas County Juvenile Court Services performs various functions and programs defined by statute to conduct juvenile justice. DSHS funds the programs under an umbrella of a Consolidated Contract. The parameters of the 2011-2013 Consolidated Contract are still being defined. This document accounts for the continuation of current services until the new biennium's agreement can be defined and agreed upon.

INTERACTION:

DSHS provided the Juvenile Court Administrator (JRA) with the proposed document to bridge the gap between 2011 legislative action and the actualizing of the programs as defined by law and budgeted for during the past session. The County's legal advisor for the department reviewed and approved as to form the document.

RECOMMENDATION:

Recommend the BOCC approve and Chair sign the contract document.

HANDLING:

Please return 3 signed documents for return to DSHS for their signature and return of one original for filing at the BOCC.

LEAD STAFF:

William Holmes
