

Kittitas County Information Technology

Agenda Staff Report

AGENDA DATE:

5/15/2012

ACTION REQUESTED:

Adopt a resolution to award the bid for data center virtualization and sign the lease purchase agreement and the vendor's statement of work.

BACKGROUND:

The commissioner's approved the RFP for data center virtualization that provides for a replacement of our server hardware with a more efficient and economical virtualized system. This system, over 5 years, will cost significantly less than maintaining our current system. It will also reduce electrical consumption and cooling requirements. The RFP was published in the Daily record on 2/9/2012. The responses were opened on 3/6/2012. Three vendors replied; only two were deemed responsive. IT met with the two responsive vendors and heard their presentations. IT compared systems and pricing and selected IVOXY Consulting LLC because their equipment and cost met the County's requirements.

INTERACTION:

IT has worked with the vendor and leasing company to prepare documents for the lease, installation, and training of the new system. The county's Financial Manager and Treasurer have reviewed applicable documents and the Prosecuting Attorney's office has reviewed all documents.

The Treasurer has completed Form 8038-G.

The Prosecuting Attorney as completed and signed Form of Legal Agreement.

RECOMMENDATION:

Information Technology recommends and requests the BOCC approve the resolution awarding the bid to IVOXY Consulting LLC, and sign the lease agreement and statement of work.

HANDLING:

Return signed originals (2) to IT.
