

DRAFT AIA® Document B104™ - 2007

Standard Form of Agreement Between Owner and Architect for a Project of Limited Scope

AGREEMENT made as of the «Third » day of «July » in the year «Two Thousand Twelve »
(In words, indicate day, month and year.)

BETWEEN the Architect's client identified as the Owner:
(Name, legal status, address and other information)

« Kittitas County »« »
« 205 West 5th Avenue »
« Ellensburg, Wa. 98926-2887 »
« Contact: Patti Johnson, Director
Kittitas County Solid Waste
(V) 509) 962-7087
E-Mail: patti.johnson@co.kittitas.wa.us »

and the Architect:
(Name, legal status, address and other information)

« Architects Rasmussen Triebelhorn, AIA/ps »« »
« #9 Saint Helens Avenue, Suite D»
« Tacoma, Wa. 98402»
« Contact: Kenn D. Triebelhorn, Principal-In-Charge
(V) (253) 572-5511
E-Mail: kdt@a-rt.org »

for the following Project:
(Name, location and detailed description)

«Kittitas County Upper District Court Remodel Project»
«700 East First Street
Cle Elum, Wa. 98922 »
« »

The Owner and Architect agree as follows.

ADDITIONS AND DELETIONS:

The author of this document has added information needed for its completion. The author may also have revised the text of the original AIA standard form. *An Additions and Deletions Report* that notes added information as well as revisions to the standard form text is available from the author and should be reviewed.

This document has important legal consequences. Consultation with an attorney is encouraged with respect to its completion or modification.

Formatted: Superscript

ELECTRONIC COPYING of any portion of this AIA® Document to another electronic file is prohibited and constitutes a violation of copyright laws as set forth in the footer of this document.

13	SCOPE OF THE AGREEMENT

ARTICLE 1 INITIAL INFORMATION

§ 1.1 This Agreement is based on the Initial Information set forth below:

(State below details of the Project's site and program, Owner's contractors and consultants, Architect's consultants, Owner's budget for the Cost of the Work, and other information relevant to the Project.)

« See Exhibit A »

§ 1.2 The Owner and Architect may rely on the Initial Information. Both parties, however, recognize that such information may materially change and, in that event, the Owner and the Architect shall appropriately adjust the schedule, the Architect's services and the Architect's compensation.

ARTICLE 2 ARCHITECT'S RESPONSIBILITIES

The Architect shall provide the professional services set forth in this Agreement consistent with the professional skill and care ordinarily provided by architects practicing in the same or similar locality under the same or similar circumstances. The Architect shall perform its services as expeditiously as is consistent with such professional skill and care and the orderly progress of the Project.

ARTICLE 3 SCOPE OF ARCHITECT'S BASIC SERVICES

§ 3.1 The Architect's Basic Services consist of those described in Article 3 and include usual and customary structural, mechanical, and electrical engineering services.

§ 3.1.1 The Architect shall be entitled to rely on (1) the accuracy and completeness of the information furnished by the Owner and (2) the Owner's approvals. The Architect shall provide prompt written notice to the Owner if the Architect becomes aware of any error, omission or inconsistency in such services or information.

§ 3.1.2 As soon as practicable after the date of this Agreement, the Architect shall submit for the Owner's approval a schedule for the performance of the Architect's services. Once approved by the Owner, time limits established by the schedule shall not, except for reasonable cause, be exceeded by the Architect or Owner. With the Owner's

approval, the Architect shall adjust the schedule, if necessary, as the Project proceeds until the commencement of construction.

§ 3.1.3 The Architect shall assist the Owner in connection with the Owner's responsibility for filing documents required for the approval of governmental authorities having jurisdiction over the Project.

§ 3.2 DESIGN PHASE SERVICES

§ 3.2.1 The Architect shall review the program and other information furnished by the Owner, and shall review laws, codes, and regulations applicable to the Architect's services.

§ 3.2.2 The Architect shall discuss with the Owner the Owner's program, schedule, budget for the Cost of the Work, Project site, and alternative approaches to design and construction of the Project, including the feasibility of incorporating environmentally responsible design approaches. The Architect shall reach an understanding with the Owner regarding the Project requirements.

§ 3.2.3 The Architect shall consider the relative value of alternative materials, building systems and equipment, together with other considerations based on program and aesthetics in developing a design for the Project that is consistent with the Owner's schedule and budget for the Cost of the Work.

§ 3.2.4 Based on the Project requirements, the Architect shall prepare Design Documents for the Owner's approval consisting of drawings and other documents appropriate for the Project and the Architect shall prepare and submit to the Owner a preliminary estimate of the Cost of the Work.

§ 3.2.5 The Architect shall submit to the Owner an estimate of the Cost of the Work prepared in accordance with Section 6.3.

§ 3.2.6 The Architect shall submit the Design Documents to the Owner, and request the Owner's approval.

§ 3.3 CONSTRUCTION DOCUMENTS PHASE SERVICES

§ 3.3.1 Based on the Owner's approval of the Design Documents, the Architect shall prepare for the Owner's approval Construction Documents consisting of Drawings and Specifications setting forth in detail the requirements for the construction of the Work. The Owner and Architect acknowledge that in order to construct the Work the Contractor will provide additional information, including Shop Drawings, Product Data, Samples and other similar submittals, which the Architect shall review in accordance with Section 3.4.4.

§ 3.3.2 The Architect shall incorporate into the Construction Documents the design requirements of governmental authorities having jurisdiction over the Project.

§ 3.3.3 The Architect shall update the estimate for the Cost of the Work.

§ 3.3.4 The Architect shall submit the Construction Documents to the Owner, advise the Owner of any adjustments to the estimate of the Cost of the Work, take any action required under Section 6.5, and request the Owner's approval.

§ 3.3.5 The Architect, following the Owner's approval of the Construction Documents and of the latest preliminary estimate of Construction Cost, shall assist the Owner in awarding and preparing contracts for construction.

§ 3.4 CONSTRUCTION PHASE SERVICES

§ 3.4.1 GENERAL

§ 3.4.1.1 The Architect shall provide administration of the Contract between the Owner and the Contractor as set forth below and in AIA Document A107™-2007, Standard Form of Agreement Between Owner and Contractor for a Project of Limited Scope. If the Owner and Contractor modify AIA Document A107-2007, those modifications shall not affect the Architect's services under this Agreement unless the Owner and the Architect amend this Agreement.

§ 3.4.1.2 The Architect shall advise and consult with the Owner during the Construction Phase Services. The Architect shall have authority to act on behalf of the Owner only to the extent provided in this Agreement. The

Architect shall not have control over, charge of, or responsibility for the construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Work, nor shall the Architect be responsible for the Contractor's failure to perform the Work in accordance with the requirements of the Contract Documents. The Architect shall be responsible for the Architect's negligent acts or omissions, but shall not have control over or charge of and shall not be responsible for, acts or omissions of the Contractor or of any other persons or entities performing portions of the Work.

§ 3.4.1.3 Subject to Section 4.2, the Architect's responsibility to provide Construction Phase Services commences with the award of the Contract for Construction and terminates on the date the Architect issues the final Certificate for Payment.

§ 3.4.2 EVALUATIONS OF THE WORK

§ 3.4.2.1 The Architect shall visit the site at intervals appropriate to the stage of construction, or as otherwise required in Section 4.2.1, to become generally familiar with the progress and quality of the portion of the Work completed, and to determine, in general, if the Work observed is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. However, the Architect shall not be required to make exhaustive or continuous on-site observations to check the quality or quantity of the Work. On the basis of the site visits, the Architect shall keep the Owner reasonably informed about the progress and quality of the portion of the Work completed, and report to the Owner (1) known deviations from the Contract Documents and from the most recent construction schedule submitted by the Contractor, and (2) defects and deficiencies observed in the Work.

§ 3.4.2.2 The Architect has the authority to reject Work that does not conform to the Contract Documents and has the authority to require inspection or testing of the Work.

§ 3.4.2.3 The Architect shall interpret and decide matters concerning performance under, and requirements of, the Contract Documents on written request of either the Owner or Contractor. The Architect's response to such requests shall be made in writing within any time limits agreed upon or otherwise with reasonable promptness.

§ 3.4.2.4 When making such interpretations and decisions, the Architect shall endeavor to secure faithful performance by both Owner and Contractor, shall not show partiality to either, and shall not be liable for results of interpretations or decisions rendered in good faith.

§ 3.4.2.5 The Architect shall render initial decisions on Claims between the Owner and Contractor as provided in the Contract Documents.

§ 3.4.3 CERTIFICATES FOR PAYMENT TO CONTRACTOR

§ 3.4.3.1 The Architect shall review and certify the amounts due the Contractor and shall issue certificates in such amounts. The Architect's certification for payment shall constitute a representation to the Owner, based on the Architect's evaluation of the Work as provided in Section 3.4.2 and on the data comprising the Contractor's Application for Payment, that, to the best of the Architect's knowledge, information and belief, the Work has progressed to the point indicated and that the quality of the Work is in accordance with the Contract Documents.

§ 3.4.3.2 The issuance of a Certificate for Payment shall not be a representation that the Architect has (1) made exhaustive or continuous on-site inspections to check the quality or quantity of the Work, (2) reviewed construction means, methods, techniques, sequences or procedures, (3) reviewed copies of requisitions received from Subcontractors and material suppliers and other data requested by the Owner to substantiate the Contractor's right to payment, or (4) ascertained how or for what purpose the Contractor has used money previously paid on account of the Contract Sum.

§ 3.4.4 SUBMITTALS

§ 3.4.4.1 The Architect shall review and approve or take other appropriate action upon the Contractor's submittals such as Shop Drawings, Product Data and Samples, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. Review of such submittals is not for the purpose of determining the accuracy and completeness of other information such as dimensions, quantities, and installation or performance of equipment or systems, which are the Contractor's responsibility. The

Architect's review shall not constitute approval of safety precautions or, unless otherwise specifically stated by the Architect, of any construction means, methods, techniques, sequences or procedures.

§ 3.4.4.2 If the Contract Documents specifically require the Contractor to provide professional design services or certifications by a design professional related to systems, materials or equipment, the Architect shall specify the appropriate performance and design criteria that such services must satisfy. The Architect shall review shop Drawings and other submittals related to the Work designed or certified by the design professional retained by the Contractor that bear such professional's seal and signature when submitted to the Architect. The Architect shall be entitled to rely upon the adequacy, accuracy and completeness of the services, certifications and approvals performed or provided by such design professionals.

§ 3.4.4.3 The Architect shall review and respond to written requests for information about the Contract Documents. The Architect's response to such requests shall be made in writing within any time limits agreed upon, or otherwise with reasonable promptness.

§ 3.4.5 CHANGES IN THE WORK

The Architect may authorize minor changes in the Work that are consistent with the intent of the Contract Documents and do not involve an adjustment in the Contract Sum or an extension of the Contract Time. Subject to the provisions of Section 4.2.2, the Architect shall prepare Change Orders and Construction Change Directives for the Owner's approval and execution in accordance with the Contract Documents.

§ 3.4.6 PROJECT COMPLETION

The Architect shall conduct inspections to determine the date or dates of Substantial Completion and the date of final completion; issue Certificates of Substantial Completion; receive from the Contractor and forward to the Owner, for the Owner's review and records, written warranties and related documents required by the Contract Documents and assembled by the Contractor; and issue a final Certificate for Payment based upon a final inspection indicating the Work complies with the requirements of the Contract Documents.

ARTICLE 4 ADDITIONAL SERVICES

§ 4.1 Additional Services are not included in Basic Services but may be required for the Project. Such Additional Services may include programming, budget analysis, financial feasibility studies, site analysis and selection, environmental studies, civil engineering, landscape design, telecommunications/data, security, measured drawings of existing conditions, coordination of separate contractors or independent consultants, coordination of construction or project managers, detailed cost estimates, on-site project representation beyond requirements of Section 4.2.1, value analysis, quantity surveys, interior architectural design, planning of tenant or rental spaces, inventories of materials or equipment, preparation of record drawings, commissioning, environmentally responsible design beyond Basic Services, LEED® Certification, fast-track design services, and any other services not otherwise included in this Agreement.

(Insert a description of each Additional Service the Architect shall provide, if not further described in an exhibit attached to this document.)

« See Exhibit B »

§ 4.2 Additional Services may be provided after execution of this Agreement, without invalidating the Agreement. Except for services required due to the fault of the Architect, any Additional Services provided in accordance with this Section 4.2 shall entitle the Architect to compensation pursuant to Section 11.3.

§ 4.2.1 The Architect has included in Basic Services « Nine » (« 9 ») site visits over the duration of the Project during construction. The Architect shall conduct site visits in excess of that amount as an Additional Service.

§ 4.2.2 The Architect shall review and evaluate Contractor's proposals, and if necessary, prepare Drawings, Specifications and other documentation and data, and provide any other services made necessary by Change Orders and Construction Change Directives prepared by the Architect as an Additional Service.

§ 4.2.3 If the services covered by this Agreement have not been completed within « Twelve » (« 12 ») months of the date of this Agreement, through no fault of the Architect, extension of the Architect's services beyond that time shall be compensated as Additional Services.

ARTICLE 5 OWNER'S RESPONSIBILITIES

§ 5.1 Unless otherwise provided for under this Agreement, the Owner shall provide information in a timely manner regarding requirements for and limitations on the Project, including a written program which shall set forth the Owner's objectives, schedule, constraints and criteria, including space requirements and relationships, flexibility, expandability, special equipment, systems and site requirements. Within 15 days after receipt of a written request from the Architect, the Owner shall furnish the requested information as necessary and relevant for the Architect to evaluate, give notice of or enforce lien rights.

§ 5.2 The Owner shall establish and periodically update the Owner's budget for the Project, including (1) the budget for the Cost of the Work as defined in Section 6.1; (2) the Owner's other costs; and, (3) reasonable contingencies related to all of these costs. If the Owner significantly increases or decreases the Owner's budget for the Cost of the Work, the Owner shall notify the Architect. The Owner and the Architect shall thereafter agree to a corresponding change in the Project's scope and quality.

§ 5.3 The Owner shall furnish surveys to describe physical characteristics, legal limitations and utility locations for the site of the Project, a written legal description of the site, and services of geotechnical engineers or other consultants when the Architect requests such services and demonstrates that they are reasonably required by the scope of the Project.

§ 5.4 The Owner shall coordinate the services of its own consultants with those services provided by the Architect. Upon the Architect's request, the Owner shall furnish copies of the scope of services in the contracts between the Owner and the Owner's consultants. The Owner shall require that its consultants maintain professional liability insurance as appropriate to the services provided.

§ 5.5 The Owner shall furnish tests, inspections and reports required by law or the Contract Documents, such as structural, mechanical, and chemical tests, tests for air and water pollution, and tests for hazardous materials.

§ 5.6 The Owner shall furnish all legal, insurance and accounting services, including auditing services that may be reasonably necessary at any time for the Project to meet the Owner's needs and interests.

§ 5.7 The Owner shall provide prompt written notice to the Architect if the Owner becomes aware of any fault or defect in the Project, including errors, omissions or inconsistencies in the Architect's Instruments of Service.

§ 5.8 The Owner shall endeavor to communicate with the Contractor through the Architect about matters arising out of or relating to the Contract Documents.

§ 5.9 The Owner shall provide the Architect access to the Project site prior to commencement of the Work and shall obligate the Contractor to provide the Architect access to the Work wherever it is in preparation or progress.

ARTICLE 6 COST OF THE WORK

§ 6.1 For purposes of this Agreement, the Cost of the Work shall be the total cost to the Owner to construct all elements of the Project designed or specified by the Architect and shall include contractors' general conditions costs, overhead and profit. The Cost of the Work does not include the compensation of the Architect, the costs of the land, rights-of-way, financing, contingencies for changes in the Work or other costs that are the responsibility of the Owner.

§ 6.2 The Owner's budget for the Cost of the Work is provided in Initial Information, and may be adjusted throughout the Project as required under Sections 5.2, 6.4 and 6.5. Evaluations of the Owner's budget for the Cost of the Work, the preliminary estimate of the Cost of the Work and updated estimates of the Cost of the Work prepared by the Architect, represent the Architect's judgment as a design professional. It is recognized, however, that neither the Architect nor the Owner has control over the cost of labor, materials or equipment; the Contractor's methods of determining bid prices; or competitive bidding, market or negotiating conditions. Accordingly, the Architect cannot and does not warrant or represent that bids or negotiated prices will not vary from the Owner's budget for the Cost of the Work or from any estimate of the Cost of the Work or evaluation prepared or agreed to by the Architect.

§ 6.3 In preparing estimates of the Cost of Work, the Architect shall be permitted to include contingencies for design, bidding and price escalation; to determine what materials, equipment, component systems and types of construction are to be included in the Contract Documents, to make reasonable adjustments in the program and scope of the Project and to include in the Contract Documents alternate bids as may be necessary to adjust the estimated Cost of the Work to meet the Owner's budget for the Cost of the Work. The Architect's estimate of the Cost of the Work shall be based on current area, volume or similar conceptual estimating techniques. If the Owner requests detailed cost estimating services, the Architect shall provide such services as an Additional Service under Article 4.

§ 6.4 If the bidding has not commenced within 90 days after the Architect submits the Construction Documents to the Owner, through no fault of the Architect, the Owner's budget for the Cost of the Work shall be adjusted to reflect changes in the general level of prices in the applicable construction market.

§ 6.5 If at any time the Architect's estimate of the Cost of the Work exceeds the Owner's budget for the Cost of the Work, the Architect shall make appropriate recommendations to the Owner to adjust the Project's size, quality or budget for the Cost of the Work, and the Owner shall cooperate with the Architect in making such adjustments.

§ 6.6 If the Owner's current budget for the Cost of the Work at the conclusion of the Construction Documents Phase Services is exceeded by the lowest bona fide bid or negotiated proposal, the Owner shall

- .1 give written approval of an increase in the budget for the Cost of the Work;
- .2 authorize rebidding or renegotiating of the Project within a reasonable time;
- .3 terminate in accordance with Section 9.5;
- .4 in consultation with the Architect, revise the Project program, scope, or quality as required to reduce the Cost of the Work; or
- .5 implement any other mutually acceptable alternative.

§ 6.7 If the Owner chooses to proceed under Section 6.6.4, the Architect, without additional compensation, shall modify the Construction Documents as necessary to comply with the Owner's budget for the Cost of the Work at the conclusion of the Construction Documents Phase Services, or the budget as adjusted under Section 6.6.1. The Architect's modification of the Construction Documents shall be the limit of the Architect's responsibility under this Article 6.

ARTICLE 7 COPYRIGHTS AND LICENSES

§ 7.1 The Architect and the Owner warrant that in transmitting Instruments of Service, or any other information, the transmitting party is the copyright owner of such information or has permission from the copyright owner to transmit such information for its use on the Project. If the Owner and Architect intend to transmit Instruments of Service or any other information or documentation in digital form, they shall endeavor to establish necessary protocols governing such transmissions.

§ 7.2 The Architect and the Architect's consultants shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, and shall retain all common law, statutory and other reserved rights, including copyrights. Submission or distribution of Instruments of Service to meet official regulatory requirements or for similar purposes in connection with the Project is not to be construed as publication in derogation of the reserved rights of the Architect and the Architect's consultants.

§ 7.3 Upon execution of this Agreement, the Architect grants to the Owner a nonexclusive license to use the Architect's Instruments of Service solely and exclusively for purposes of constructing, using, maintaining, altering and adding to the Project, provided that the Owner substantially performs its obligations, including prompt payment of all sums when due, under this Agreement. The Architect shall obtain similar nonexclusive licenses from the Architect's consultants consistent with this Agreement. The license granted under this section permits the Owner to authorize the Contractor, Subcontractors, Sub-subcontractors, and material or equipment suppliers, as well as the Owner's consultants and separate contractors, to reproduce applicable portions of the Instruments of Service solely and exclusively for use in performing services or construction for the Project. If the Architect rightfully terminates this Agreement for cause as provided in Section 9.4, the license granted in this Section 7.3 shall terminate.

§ 7.3.1 In the event the Owner uses the Instruments of Service without retaining author of the Instruments of Service, the Owner releases the Architect and Architect's consultant(s) from all claims and causes of action arising from such

uses. The Owner, to the extent permitted by law, further agrees to indemnify and hold harmless the Architect and its consultants from all costs and expenses, including the cost of defense, related to claims and causes of action asserted by any third person or entity to the extent such costs and expenses arise from the Owner's use of the Instruments of Service under this Section 7.3.1. The terms of this Section 7.3.1 shall not apply if the Owner rightfully terminates this Agreement for cause under Section 9.4.

§ 7.4 Except for the licenses granted in this Article 7, no other license or right shall be deemed granted or implied under this Agreement. The Owner shall not assign, delegate, sublicense, pledge or otherwise transfer any license granted herein to another party without the prior written agreement of the Architect. Any unauthorized use of the Instruments of Service shall be at the Owner's sole risk and without liability to the Architect and the Architect's consultants.

ARTICLE 8 CLAIMS AND DISPUTES

§ 8.1 GENERAL

§ 8.1.1 The Owner and Architect shall commence all claims and causes of action, whether in contract, tort, or otherwise, against the other arising out of or related to this Agreement in accordance with the requirements of the method of binding dispute resolution selected in this Agreement within the period specified by applicable law, but in any case not more than 10 years after the date of Substantial Completion of the Work. The Owner and Architect waive all claims and causes of action not commenced in accordance with this Section 8.1.1.

§ 8.1.2 To the extent damages are covered by property insurance, the Owner and Architect waive all rights against each other and against the contractors, consultants, agents and employees of the other for damages, except such rights as they may have to the proceeds of such insurance as set forth in AIA Document A107™-2007, Standard Form of Agreement Between Owner and Contractor for a Project of Limited Scope. The Owner or the Architect, as appropriate, shall require of the contractors, consultants, agents and employees of any of them similar waivers in favor of the other parties enumerated herein.

§ 8.1.3 The Architect and Owner waive consequential damages for claims, disputes or other matters in question arising out of or relating to this Agreement. This mutual waiver is applicable, without limitation, to all consequential damages due to either party's termination of this Agreement, except as specifically provided in Section 9.6.

§ 8.2 MEDIATION

§ 8.2.1 Any claim, dispute or other matter in question arising out of or related to this Agreement shall be subject to mediation as a condition precedent to binding dispute resolution. If such matter relates to or is the subject of a lien arising out of the Architect's services, the Architect may proceed in accordance with applicable law to comply with the lien notice or filing deadlines prior to resolution of the matter by mediation or by binding dispute resolution.

§ 8.2.2 Mediation, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Mediation Procedures in effect on the date of the Agreement. The parties shall share the mediator's fee and any filing fees equally. The mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.

§ 8.2.3 If the parties do not resolve a dispute through mediation pursuant to this Section 8.2, the method of binding dispute resolution shall be the following:

(Check the appropriate box. If the Owner and Architect do not select a method of binding dispute resolution below, or do not subsequently agree in writing to a binding dispute resolution method other than litigation, the dispute will be resolved in a court of competent jurisdiction.)

☒ Arbitration pursuant to Section 8.3 of this Agreement

☐ Litigation in a court of competent jurisdiction

☐ Other (Specify)

☐

§ 8.3 ARBITRATION

§ 8.3.1 If the parties have selected arbitration as the method for binding dispute resolution in this Agreement any claim, dispute or other matter in question arising out of or related to this Agreement subject to, but not resolved by, mediation shall be subject to arbitration which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Arbitration Rules in effect on the date of the Agreement.

§ 8.3.1.1 A demand for arbitration shall be made no earlier than concurrently with the filing of a request for mediation, but in no event shall it be made after the date when the institution of legal or equitable proceedings based on the claim, dispute or other matter in question would be barred by the applicable statute of limitations. For statute of limitations purposes, receipt of a written demand for arbitration by the person or entity administering the arbitration shall constitute the institution of legal or equitable proceedings based on the claim, dispute or other matter in question.

§ 8.3.2 The foregoing agreement to arbitrate and other agreements to arbitrate with an additional person or entity duly consented to by parties to this Agreement shall be specifically enforceable in accordance with applicable law in any court having jurisdiction thereof.

§ 8.3.3 The award rendered by the arbitrator(s) shall be final, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof.

§ 8.3.4 CONSOLIDATION OR JOINDER

§ 8.3.4.1 Either party, at its sole discretion, may consolidate an arbitration conducted under this Agreement with any other arbitration to which it is a party provided that (1) the arbitration agreement governing the other arbitration permits consolidation; (2) the arbitrations to be consolidated substantially involve common questions of law or fact; and (3) the arbitrations employ materially similar procedural rules and methods for selecting arbitrator(s).

§ 8.3.4.2 Either party, at its sole discretion, may include by joinder persons or entities substantially involved in a common question of law or fact whose presence is required if complete relief is to be accorded in arbitration, provided that the party sought to be joined consents in writing to such joinder. Consent to arbitration involving an additional person or entity shall not constitute consent to arbitration of any claim, dispute or other matter in question not described in the written consent.

§ 8.3.4.3 The Owner and Architect grant to any person or entity made a party to an arbitration conducted under this Section 8.3, whether by joinder or consolidation, the same rights of joinder and consolidation as the Owner and Architect under this Agreement.

ARTICLE 9 TERMINATION OR SUSPENSION

§ 9.1 If the Owner fails to make payments to the Architect in accordance with this Agreement, such failure shall be considered substantial nonperformance and cause for termination or, at the Architect's option, cause for suspension of performance of services under this Agreement. If the Architect elects to suspend services, the Architect shall give seven days' written notice to the Owner before suspending services. In the event of a suspension of services, the Architect shall have no liability to the Owner for delay or damage caused the Owner because of such suspension of services. Before resuming services, the Architect shall be paid all sums due prior to suspension and any expenses incurred in the interruption and resumption of the Architect's services. The Architect's fees for the remaining services and the time schedules shall be equitably adjusted.

§ 9.2 If the Owner suspends the Project, the Architect shall be compensated for services performed prior to notice of such suspension. When the Project is resumed, the Architect shall be compensated for expenses incurred in the interruption and resumption of the Architect's services. The Architect's fees for the remaining services and the time schedules shall be equitably adjusted.

§ 9.3 If the Owner suspends the Project for more than 90 cumulative days for reasons other than the fault of the Architect, the Architect may terminate this Agreement by giving not less than seven days' written notice.

§ 9.4 Either party may terminate this Agreement upon not less than seven days' written notice should the other party fail substantially to perform in accordance with the terms of this Agreement through no fault of the party initiating the termination.

§ 9.5 The Owner may terminate this Agreement upon not less than seven days' written notice to the Architect for the Owner's convenience and without cause.

§ 9.6 In the event of termination not the fault of the Architect, the Architect shall be compensated for services performed prior to termination, together with Reimbursable Expenses then due and all Termination Expenses as defined in Section 9.7.

§ 9.7 Termination Expenses are in addition to compensation for the Architect's services and include expenses directly attributable to termination for which the Architect is not otherwise compensated, plus an amount for the Architect's anticipated profit on the value of the services not performed by the Architect.

ARTICLE 10 MISCELLANEOUS PROVISIONS

§ 10.1 This Agreement shall be governed by the law of the place where the Project is located, except that if the parties have selected arbitration as the method of binding dispute resolution, the Federal Arbitration Act shall govern Section 8.3.

§ 10.2 Terms in this Agreement shall have the same meaning as those in AIA Document A107-2007, Standard Form of Agreement Between Owner and Contractor for a Project of Limited Scope.

§ 10.3 The Owner and Architect, respectively, bind themselves, their agents, successors, assigns and legal representatives to this Agreement. Neither the Owner nor the Architect shall assign this Agreement without the written consent of the other, except that the Owner may assign this Agreement to a lender providing financing for the Project if the lender agrees to assume the Owner's rights and obligations under this Agreement.

§ 10.4 If the Owner requests the Architect to execute certificates or consents, the proposed language of such certificates or consents shall be submitted to the Architect for review at least 14 days prior to the requested dates of execution. The Architect shall not be required to execute certificates or consents that would require knowledge, services or responsibilities beyond the scope of this Agreement.

§ 10.5 Nothing contained in this Agreement shall create a contractual relationship with or a cause of action in favor of a third party against either the Owner or Architect.

§ 10.6 The Architect shall have no responsibility for the discovery, presence, handling, removal or disposal of or exposure of persons to hazardous materials or toxic substances in any form at the Project site.

§ 10.7 The Architect shall have the right to include photographic or artistic representations of the design of the Project among the Architect's promotional and professional materials. However, the Architect's materials shall not include information the Owner has identified in writing as confidential or proprietary.

ARTICLE 11 COMPENSATION

§ 11.1 For the Architect's Basic Services as described under Article 3, the Owner shall compensate the Architect as follows:

(Insert amount of, or basis for, compensation.)

« See Exhibit B »

§ 11.2 For Additional Services designated in Section 4.1, the Owner shall compensate the Architect as follows:

(Insert amount of, or basis for, compensation. If necessary, list specific services to which particular methods of compensation apply.)

« See Exhibit B »

§ 11.3 For Additional Services that may arise during the course of the Project, including those under Section 4.2, the Owner shall compensate the Architect as follows:

(Insert amount of, or basis for, compensation.)

« Services to be provided on an hourly basis with a not-to exceed maximum fee as mutually agreed upon by the Owner and Architect. »

§ 11.4 Compensation for Additional Services of the Architect's consultants when not included in Section 11.2 or 11.3, shall be the amount invoiced to the Architect plus « Fifteen » percent (« 15 » %), or as otherwise stated below:

« »

§ 11.5 Where compensation for Basic Services is based on a stipulated sum or percentage of the Cost of the Work, the compensation for each phase of services shall be as follows:

Design Development Phase	« Thirty Three »	percent (« 33 »	%)
Construction Documents Phase	« Thirty Six »	percent (« 36 »	%)
Construction Phase	« Twenty Seven »	percent (« 27 »	%)
Bidding Phase	Two	percent (2	%)
Project Close-out	Two	percent (2	%)
Total Basic Compensation	one hundred	percent (100	%)

§ 11.6 When compensation is based on a percentage of the Cost of the Work and any portions of the Project are deleted or otherwise not constructed, compensation for those portions of the Project shall be payable to the extent services are performed on those portions, in accordance with the schedule set forth in Section 11.5 based on (1) the lowest bona fide bid or negotiated proposal, or (2) if no such bid or proposal is received, the most recent estimate of the Cost of the Work for such portions of the Project. The Architect shall be entitled to compensation in accordance with this Agreement for all services performed whether or not the Construction Phase is commenced.

§ 11.7 The hourly billing rates for services of the Architect and the Architect's consultants, if any, are set forth below. The rates shall be adjusted in accordance with the Architect's and Architect's consultants' normal review practices.

(If applicable, attach an exhibit of hourly billing rates or insert them below.)

« See Exhibit C »

Employee or Category	Rate
----------------------	------

§ 11.8 COMPENSATION FOR REIMBURSABLE EXPENSES

§ 11.8.1 Reimbursable Expenses are in addition to compensation for Basic and Additional Services and include expenses incurred by the Architect and the Architect's consultants directly related to the Project, as follows:

1. Transportation and authorized out-of-town travel and subsistence;
2. Long distance services, dedicated data and communication services, teleconferences, Project Web sites, and extranets;
3. Fees paid for securing approval of authorities having jurisdiction over the Project;
4. Printing, reproductions, plots, standard form documents;
5. Postage, handling and delivery;
6. Expense of overtime work requiring higher than regular rates if authorized in advance by the Owner;
7. Renderings, models, mock-ups, professional photography, and presentation materials requested by the Owner;
8. Expense of professional liability insurance dedicated exclusively to this Project or the expense of additional insurance coverage or limits requested by the Owner in excess of that normally carried by the Architect and the Architect's consultants;
9. All taxes levied on professional services and on reimbursable expenses;
10. Site office expenses; and

.11 Other similar Project-related expenditures.

§ 11.8.2 For Reimbursable Expenses the compensation shall be the expenses incurred by the Architect and the Architect's consultants plus « Ten » percent (« 10 » %) of the expenses incurred.

§ 11.9 COMPENSATION FOR USE OF ARCHITECT'S INSTRUMENTS OF SERVICE

If the Owner terminates the Architect for its convenience under Section 9.5, or the Architect terminates this Agreement under Section 9.3, the Owner shall pay a licensing fee as compensation for the Owner's continued use of the Architect's Instruments of Service solely for purposes of completing, using and maintaining the Project as follows:

« As mutually agreed upon by the Owner and Architect. »

§ 11.10 PAYMENTS TO THE ARCHITECT

§ 11.10.1 An initial payment of « Zero » (\$ « 0.00 ») shall be made upon execution of this Agreement and is the minimum payment under this Agreement. It shall be credited to the Owner's account in the final invoice.

§ 11.10.2 Unless otherwise agreed, payments for services shall be made monthly in proportion to services performed. Payments are due and payable upon presentation of the Architect's invoice. Amounts unpaid « Sixty » (« 60 ») days after the invoice date shall bear interest at the rate entered below, or in the absence thereof at the legal rate prevailing from time to time at the principal place of business of the Architect.
(Insert rate of monthly or annual interest agreed upon.)

« » % « »

§ 11.10.3 The Owner shall not withhold amounts from the Architect's compensation to impose a penalty or liquidated damages on the Architect, or to off set sums requested by or paid to contractors for the cost of changes in the Work unless the Architect agrees or has been found liable for the amounts in a binding dispute resolution proceeding.

§ 11.10.4 Records of Reimbursable Expenses, expenses pertaining to Additional Services, and services performed on the basis of hourly rates shall be available to the Owner at mutually convenient times.

ARTICLE 12 SPECIAL TERMS AND CONDITIONS

Special terms and conditions that modify this Agreement are as follows:

« See Exhibit D »

ARTICLE 13 SCOPE OF THE AGREEMENT

§ 13.1 This Agreement represents the entire and integrated agreement between the Owner and the Architect and supersedes all prior negotiations, representations or agreements, either written or oral. This Agreement may be amended only by written instrument signed by both Owner and Architect.

§ 13.2 This Agreement incorporates the following documents listed below:

(List other documents, if any, including additional scopes of service and AIA Document E201™-2007, Digital Data Protocol Exhibit, if completed, forming part of the Agreement.)

Kittitas County Upper District Court Remodel Project

Initial Project Information

A. Location

The proposed location of the project is the Kittitas County District Court Building located at 700 East First Street in Cle Elum, WA.

B. Project Description/Scope

The project is an interior remodel to existing approximate 9,920 sq.ft. Kittitas County Upper District Court and former City Police facility to create an updated satellite District Court facility. The project is anticipated to include a multi-purpose district courtroom with judge's bench and jury box, judge's chamber with separate toilet room, multi-purpose conference room/jury deliberations room with separate toilet room, court services area with public service window, public lobby, weather vestibule, public and staff handicap accessible restrooms, court storage, infrastructure rooms (mechanical, electrical, janitorial), and Sheriff's Department Search and Rescue equipment and vehicle storage. Depending on available funds remaining, the project may also include remodel of excess former Police Department office space to accommodate a Sheriff's Department work area. Some minor exterior work is anticipated including providing an additional overhead door to the sheriff's storage area, painting, roof snow control, and building identification signage. Minimal site work modifications are anticipated.

The work may include minor structural engineering work, but definitely will include mechanical plumbing and HVAC modification engineering work, and electrical power, lighting, data, and fire alarm modification engineering work. It is our understanding that the existing electrical panel capacity may be too limited for the intended expanded uses of the building. This system will be evaluated and, if the MACC allows, will be upsized as required.

Security electronics design work for door access control, cctv surveillance, and intrusion/duress alarm engineering work is not included at this time. Additionally, design work for the court video and audio recording system is not included at this time.

It is our understanding that the county will be pursuing an energy upgrades grant for

potential window replacements, building shell insulation upgrades, and other building system energy upgrades. This work, if funded, will be incorporated into alternate bid documents.

C. Preliminary Construction Cost and Project Budget

The estimated maximum allowable construction cost (MACC) is around \$350,000. In our experience, the total project budget exceeds the construction cost by an additional 17% to 40%. ART will assist the Owner in budgeting the additional 'soft costs' and potentially adjusting the 'hard costs' and scope so as to achieve an acceptable total project budget.

D. Preliminary Project Schedule

It is the County's desire to put the project out for bid in mid September of 2012. We would anticipate approximately five weeks for bidding and contract award. We would further anticipate a four month construction period to substantial completion, with an additional month for project close-out and move-in. The anticipated schedule will be further evaluated as the project design advances and more specific information about project materials and systems can be identified.

E. Fees

The proposed fees have been calculated using the current edition of the State of Washington Office of Financial Management's fee schedule for A/E services for a Schedule 'A' project. The breakdown of Basic Services Fee and the Additional Services Fees are detailed in Exhibit 'B.' It should be noted that the MACC for this project is extremely limited, and that upgrading of finishes for the courtroom, upgrading of lighting and power for the courtroom, and upsizing of the electrical service for the building may not all be feasible based on available dollars. It is further understood that the emphasis for this project is the court and related spaces, and that limited work outside the court areas will only be possible as the MACC allows or if the project receives additional funding.

Should security electronics design work become required at a future date, an Additional Services fee will be proposed at that time. Additionally, coordination with the owner's technical services department or with court personnel will be provided for the design of the court recording system as part of this Additional Service fee proposal.

A separate Additional Services fee will be presented at a future date to cover the additional work required to prepare the design and bid documentation for the alternate bids should the county receive funding for the energy upgrade work.

F. ART Consultants

Basic Services consultants:

Structural Engineer:	PCS Structural Solutions	Tacoma, WA
Mechanical Engineer:	HultzBHU Engineers	Tacoma, WA
Electrical Engineer:	Cross Engineers	Tacoma, WA

Additional Services consultants:

Security Electronics & Court Recording: Cross Engineers Tacoma, WA

G. Project Delivery

The County proposes to deliver the project using the standard design – bid – build process. The County proposes to engage construction management assistance services, provided either by ART or a separate Owner’s independent consultant.

H. Existing Documentation

It is our understanding that the county only has foundation drawings of the existing building. Further, in checking with the building official at the City of Cle Elum, the city does not have a set of permit drawings for the building. We anticipate that we and our subconsultants will need to provide field investigation and measure up of the existing building and of existing mechanical and electrical systems as an Additional Service to our agreement (see Exhibit ‘B’.. Of concern is the capacity of the electrical system to serve the expanded needs of the building.

Proposed Fees Distribution - Programming through Project Closeout

EXHIBIT 'B'

Draft

ART Job # 1204
June 21, 2012

Component	Amount	Remarks
Design Fees		Base Fee based on current State of Washington Office of Financial Management's fee schedule for A/E services: 12.276 % of estimated M.A.C.C. + 2% for remodel factor Includes architectural, structural, mechanical, and electrical design
I. Basic Services	\$49,966	MACC of \$350,000 x 14.274%
Preliminary Design - 32%	\$16,489	33% of Basic Services Fee (Schem. Design + Design Devel. combined)
Construction Documents - 37%	\$17,988	36% of Basic Services Fee
Bidding and Negotiation - 2%	\$999	2% of Basic Services Fee
Construction Administration - 27%	\$13,491	27% of Basic Services Fee (1)
Project Closeout - 2%	\$999	2% of Basic Services Fee
Sub-total	\$49,966	
II. Additional Services by ART		
a Scope Meeting and Program Review	\$2,500	Establish project principles, review program, develop space needs for each space
b1 Additional Construction Administration	\$10,800	Provides for 1.35 additional hours/day for ART for 80 days @ \$100 ave./hr.
b2 Construction Management Services	\$9,600	(2)
c As-Constructed Record Drawings	\$1,600	
d Architectural Field Verification	\$2,200	Field as-built measure plan & exterior elevations (3)
Sub-total Option 1	\$6,300	a + c + d
Sub-total Option 2	\$17,100	a + b1 + c + d
Sub-total Option 3	\$15,900	a + b2 + c + d
Sub-total Option 4	\$26,700	a + b1 + b2 + c + d
III. Additional Services by ART sub-consultants		
e Mechanical field verify systems	\$1,500	Field verify hvac and plumbing system plans and document conditions (3)
f Electrical field verify systems	\$1,500	Field verify power system, lighting, and fire alarm system and document conditions (3)
Sub-total	\$3,000	
g ART Mark-up on Subconsultant fees	\$450	(15% mark-up: 10% accounting + 5% coordination)
Total	\$3,450	
IV. Reimbursable Expenses: At cost + 10%	\$3,000	Estimated allowance (ART + Subconsultants)
Estimated Total Fee Options		
	\$62,716	Base Fee + Add'l. Services Option 1 above + Items III & IV
with Option 2 above	\$73,516	Base Fee + Add'l. Services Option 2 above + Items III & IV
with Option 3 above	\$72,316	Base Fee + Add'l. Services Option 3 above + Items III & IV
with Option 4 above	\$83,116	Base Fee + Add'l. Services Option 4 above + Items III & IV

- Footnotes (1) Assumes bi-monthly site meetings/month + report + travel (9 trips). This leaves 0.39 hours/day for balance of construction admin. tasks. This assumes 4 months for construction to substantial completion. Assumes \$100 ave./hr.
- (2) Provides for 8 additional site visits + travel + monthly project management reports @ \$150/hr.
- (3) Only needed if existing building plans are not available

Draft

Kittitas County Upper District Court Remodel Project

Amendments to the AIA Document B104 - 2007, Agreement Between the Owner and Architect for Projects of Limited Scope:

Article 2 – Architect’s Responsibilities

Add the following:

“2.1 Insurance

The Architect shall maintain the following insurance for the duration of this Agreement. If any of the requirements set forth below exceed the types and limits the Architect normally provides, the Owner shall reimburse the Architect for any additional cost:

- | | | |
|----|-------------------------|--|
| .1 | General Liability: | As shown in the Certificate on Liability Insurance |
| .2 | Automobile Liability: | As shown in the Certificate of Liability Insurance |
| .3 | Worker’s Compensation: | As shown in the Certificate of Liability Insurance |
| .4 | Professional Liability: | As shown in the Certificate of Liability Insurance |

Article 3 – Scope of Architect’s Basic Services

Add the following:

“3.3.6 The Architect will, on behalf of the Owner, submit for plan review to the Authorities Having Jurisdiction (AHJ). The Owner will arrange for payment to the AHJs for any plan review fees required to be paid.”

Add the following:

“3.3.7 Bid Phase Services:

The Architect shall assist the Owner in distributing the Bid Documents to prospective Bidders and plan centers. Additionally, the Architect shall prepare an agenda for the Pre-Bid conference, and shall include all pertinent information resulting from this conference into the text of an addendum. Further, the Architect shall review product substitution requests submitted by Bidders, and respond to questions posed to the Architect and its consultants by incorporation of responses into an addendum. Lastly, the Architect shall review with the Owner the bid results and shall prepare a recommendation for award of contract, and assist the Owner in preparation of the Owner-Contractor Agreement.”
