

Kittitas County  
Prosecutor

**Agenda Staff Report**

**AGENDA DATE:**

8/21/2012

**ACTION REQUESTED:**

Deny Montgomery claims for damages.

**BACKGROUND:**

The Montgomerys submitted three damage claims for overcharges on building permits based upon an article in the newspaper. They do not state a damage/overcharge amount nor do they present any evidence that the County expended less upon processing their permits than what was charged.

**INTERACTION:**

Input was sought and received from Kirk Holmes the Public Works Director

**RECOMMENDATION:**

Deny Montgomery claims for damages. The statute requires the claimant to set forth a damage amount and the Montgomerys have not done so. There is no evidence to support their claim that the County overcharged them for these permits.

**HANDLING:**

None

**LEAD STAFF:**

Neil Caulkins
