

**2013 LODGING TAX SERVICES AGREEMENT
BETWEEN KITTITAS COUNTY AND CHIMPANZEE AND HUMAN COMMUNICATION
INSTITUTE**

This Contract, dated January 23, 2013 is made and entered into by and between KITTITAS COUNTY ("County") and CHIMPANZEE AND HUMAN COMMUNICATION INSTITUTE ("Contractor").

WHEREAS, the purpose of this Agreement is to provide for activities and expenditures designed to increase tourism,

NOW THEREFORE, in consideration of the terms and conditions contained herein, or attached and incorporated and made a part hereof, the County and the Contractor mutually agree as follows:

Section 1. Scope of Work.

- a. Contractor shall provide the services and staff described in its **Application for Lodging Tax Funds** submitted to the Lodging Tax Advisory Committee, attached hereto as **Exhibit "A."**
- b. Except as otherwise specifically provided in this Agreement, Contractor shall furnish the following as required to perform the services, described in Paragraph (a) above, in accordance with this Agreement: Personnel, labor and supervision; technical, professional and other services. All such services, property and other items furnished or required to be furnished, together with all other obligations performed, or required to be performed, by Contractor under this Agreement are collectively referred to herein as "Services."
- c. In relation to facilities operations, Contractor warrants that after June 30, 2013, the lodging tax funds shall be used only for the operation of facilities in which the County or applicable city has an ownership interest.
- d. Contractor warrants that after June 30, 2013, the lodging tax funds shall be confined to the actual marketing of special events and festivals designed to attract tourists.
- e. Contractor shall commence, perform and complete such Services in accordance with any and all attachments to this Agreement.

Section 2. Payment.

- a. As full compensation for satisfactory performance of the Contractor's Services, the County agrees to pay Contractor the sum of two thousand dollars (\$2,000).
- b. Additional payment terms: The County will make payment to the Contractor only on a reimbursement basis, as receipts for any items including marketing and/or advertising are submitted to the County, not to exceed the sum of two thousand dollars (\$2,000).
- c. Funds under this Contract which are disbursed for operations as opposed to marketing of special events and/or festivals designed to attract tourists, or used for the support of the

operations and capital expenditures of tourism-related facilities owned by non-profit organizations, shall be completed and the Contractor's request for reimbursement completed and received by the County on or before June 15, 2013 in order to receive reimbursement on or before June 30, 2013.

Section 3. Performance by Contractor.

- a. Contractor shall not (by contract, operation of law or otherwise) delegate or subcontract performance of any Services to any other person or entity without the prior written consent of the County. Any such delegation or subcontracting without the County's prior written consent shall be voidable at the County's option.
- b. Contractor shall at all times be an independent contractor and not an agent or representative of the County with regard to performing the Services. Contractor shall not represent that it is, or hold itself out as, an agent or representative of the County. In no event shall Contractor be authorized to enter into any Agreement or undertaking for or on behalf of the County. It is understood that the Contractor and the Contractor's staff and employees are not employees of the County and are not, therefore, entitled to any benefits provided employees of the County.
- c. Contractor shall comply with all applicable laws, ordinances, rules, regulations, orders, licenses, permits, and other requirements, now or hereafter in effect, of any governmental authority (including, but not limited to, such requirements as may be imposed upon the County and applicable to Services). Contractor shall furnish such documents as may be required to effect or evidence such compliance. All laws, ordinances, rules, and orders required to be incorporated into agreements of this character are incorporated into this Agreement by this reference. Contractor agrees to obtain all required licenses and permits, and further agrees to keep them in full force and effect during the term of this Agreement.
- d. The County and the Contractor agree that in fulfilling the terms and conditions of this Agreement neither shall discriminate on the basis of race, creed, color, national origin, age, sex, marital status, or the presence of a physical, sensory, or mental handicap.
- e. The Services shall at all times be subject to inspection by and approval of the County, but the County's making (or failure or delay in making) such inspection or approval shall not relieve Contractor of its responsibility to perform the Services in accord with this Agreement, notwithstanding the County's knowledge of defective or non-complying performance, or the substantiality or ease of discovering the same. Contractor shall provide the County with sufficient, safe, and proper facilities and equipment for such inspection and free access to such facilities.
- f. This contract is subject to review by any Federal or State auditor. Contractor shall promptly furnish the County or its designee, or such Federal or State auditor with such information related to the Services as may be requested by the applicable governmental entity. Contractor shall preserve and maintain all financial records and records relating to performance of Services under this Agreement for six (6) years after contract termination. For such duration after the County makes final payment of compensation due hereunder, Contractor shall provide the County access to (and the County shall have the right to examine, audit and copy, with or without notice) all of Contractor's books, documents,

papers and records related to the Services or this Agreement.

- g. Contractor understands and acknowledges that Contractor is solely responsible for its own reporting and accounting of all state, federal, social security, and local taxes, of every nature, arising from Contractor's performance of this Agreement. All compensation received by the Contractor will be reported to the Internal Revenue Service at the end of the calendar year in accord with the applicable IRS regulations.

Section 4. Release, Indemnity, and Hold Harmless.

The County assumes no liability for the Contractor's actions under this Agreement. Contractor releases and shall defend, indemnify, and hold harmless the County, its officers and employees, agents, representatives, attorneys and/or volunteers, from and against all claims, costs, liabilities, damages, and expenses, (including, but not limited to, reasonable attorney fees) which arise or may arise or be alleged to arise out of or by reason of this Agreement including:

- Any fault, negligence, strict liability or product liability of Contractor in connection with the Services for this Agreement;
- Any lien asserted upon any property of the County in connection with the Services for this Agreement;
- Any failure of Contractor, or of the Services, to comply with any applicable law, ordinance, rule, regulation, order, license, permit and other requirement, now or hereafter in effect, of any governmental authority; or
- Any breach of or default under this Agreement by Contractor.

Section 5. Compliance with Public Records Law.

- a. In compliance with Washington's public records law, the County will retain copies of any documents associated with this Agreement, which may be required by law unless legally exempt from such retention, for any applicable legally required retention period.
- b. In the event a public records request is made to the County for documents created in relation to this Agreement, should legal uncertainty arise regarding the disclosability of any documents under federal or state public records laws, the County shall provide notice to Contractor pursuant to Washington's public records act, chapter 42.56 RCW, to allow Contractor to seek a court injunction.
- c. The County specifically shall not be liable to Contractor for the County's release under public records laws of any documents not protected by trademark, copyright or other law.

Section 6. Industrial Insurance Waiver.

With respect to performance of this Agreement and as to any claims against the County, its Additional Insureds, officers, agents and employees, the Contractor expressly waives its immunity under Title 51 of the Revised Code of Washington, the Industrial Insurance Act, for injuries to Contractor's employees

and agrees that the obligations to indemnify, defend and hold harmless provided in this Agreement extend to any claim brought by or on behalf of any employee of the Contractor. **This waiver is mutually negotiated by the parties to this Agreement.**

Section 7. Insurance and Endorsements.

- a. The County may require through a request in writing that the Contractor provide the County with a certificate, binder, or policy of liability insurance, acceptable to the County in an amount specified by the County.
- b. Such liability insurance shall be such as will protect Contractor, its employees, agents and representatives, from all claims, losses, harm, costs, liabilities, damages and expenses arising out of personal injury (including death) or property damage that may result from performance of the Services or this Agreement, whether such performance is by Contractor or any of its employees, agents or representatives.
- c. Should the County require such liability insurance, the Contractor agrees to provide proof of insurance prior to commencing performance of this Agreement.
- d. Copies of the County's written request and the insurance documents provided by Contractor shall be attached to this Agreement and by this reference will be made part hereof.
- e. Where insurance is requested by the County, all liability insurance policies shall be endorsed to include the County as an Additional Insured and shall stipulate that the insurance afforded by the policies shall be primary insurance, and that any insurance, self-insured retention, deductibles, or risk retention trusts maintained or participated in by the Parties shall be excess and not contributory to any other insurance maintained by the County. Contractor shall furnish the County a certificate of insurance with Endorsement as evidence that the required policies are in full force and effect.

Section 8. Termination.

The County may, by written notice thereof to Contractor, terminate this Agreement as to all or any portion of the Services not yet performed, whether or not Contractor is in breach or default. Upon receiving such notice of termination, Contractor shall, except as otherwise directed by the County, immediately stop performing the Services to the extent specified in the notice. In the event the County terminates the Contractor's Services, the Contractor is obligated and hereby agrees to refund to the County all monies paid for Services not yet rendered by the Contractor, if any, as of the date of the notice of termination.

Section 9. Miscellaneous.

- a. Contractor shall not (by contract, operation of law or otherwise) assign this Agreement or any right or interest in this Agreement without the County's prior written consent.
- b. This Agreement embodies the entire Agreement between the County and Contractor, and supersedes any and all prior oral or written communications, proposals, conditions, promises,

representations, or understandings regarding the Services. No change, amendment or modification of any provision of this Agreement shall be valid unless set forth in a written amendment to the Agreement signed by both parties.

- c. Notice for any purpose under this Agreement, except service of process, shall be given by the Contractor to the Kittitas County Commissioners and the Kittitas County Auditor, 205 W 5th Ave, Suites 108 and 105, Ellensburg, WA 98926. For all purposes under this Agreement, any notice by the County to the Contractor shall be given to the Contractor's address provided on the signature page. Notice may be given by delivery or by depositing in the U.S. Mail, first class, postage prepaid, certified mail, return receipt requested.
- d. The section and paragraph headings of this Agreement are for reference convenience only and are not intended to restrict, affect or be of any weight in interpreting or construing the provisions of such sections or paragraphs.
- e. This Agreement may be executed in one or more counterparts and by facsimile, each of which will be deemed an original, but all of which together will constitute one and the same instrument.
- f. Contractor warrants to the County that the individual signing on Contractor's behalf has the requisite power and authority to enter into and to perform Contractor's obligations under this Agreement. Contractor further warrants to the County that Contractor has made no misrepresentation or misleading statement in connection with this Agreement, and is not in violation of any applicable law, ordinance, or regulation the consequence of which will or may materially affect Contractor's ability to perform its obligations under this Agreement.
- g. If any term or condition of this Agreement or the application thereof to any person(s) or circumstances is held invalid, such invalidity shall not affect the other terms, conditions or applications which can be given effect without the invalid term, condition or application. To this end, the terms and conditions of this Agreement are declared severable.
- h. The exclusive venue for any action brought to enforce this Agreement or any of its terms shall be in Kittitas County, State of Washington.

Questions: Please answer each question completely. Attach a separate sheet if necessary. Please include any supporting data with the response narrative, not as a separate attachment unless specifically requested.

1. Project description – Please describe in detail including, specifically how will the County funds be used.

Project Description:

Tatu, Loulis, and Dar, 3 chimpanzees, use American Sign Language to communicate with humans and each other. They have lived in Kittitas County since 1980, and they are known the world over. The Chimpanzee and Human Communication Institute (CHCI) attracts visitors from around the Northwest, United States and internationally to learn about these unique individuals. Our research has been featured this year in the Daily Record, Yakima Herald, CNN.com, Wired.com, Seattle Times, Pasadena Art Beat, Pasadena Weekly, and KNDO TV.

CHCI is a brick and mortar organization located in Kittitas County. We are not a once-per-year event or a virtual presence. Instead, we offer regular programming throughout the year. Our permanent location requires tourists to physically visit the County and they do so during 9 months of the year.

Chimposiums are the means for the public to visit CHCI. They are 1- and 6-hour educational workshops. The Chimposium program for weekend visitors begins in March and continues until the end of November. Weekday Chimposiums for groups such as K-12, college, senior citizen and tour groups are available all year.

Number of Visitors to CHCI
January – October 20, 2012:

Weekday visitors	2,880	increase of >800 since 2011
Weekend visitors	2,449	increase of >280 since 2011
Advanced Chimposium visitors	59*	increase of 16 since 2011

These numbers do not include counts for October 21 thru November.
**November will host an additional Advanced Chimposium of 15+ reservations.*

Of the 2,447 weekend visitors, we collected address information from 2349. Of these visitors 84% came from outside of Kittitas County. The largest percentage of visitors originate from Western Washington as the following data shows:

- 16% - 369 originate within Kittitas County
- 20% - 465 from Eastern Washington
- 45% - 1,055 from Western Washington
- 19% - 460 from 27 non-Washington states and 13 non-US countries

A total of 1,980 K-12 students from all over the state came to CHCI this year (an increase of 259 from 2011). The school districts include Tacoma, Pasco, Spokane, Morton, Omak, Shelton, Seattle, Marysville and even Moscow, ID.

How the County Funds will be used:

According to the permissible uses, CHCI is requesting funds for “advertising, publicizing, or otherwise distributing information for the purpose of attracting and welcoming tourists.” Because we are already a proven tourist destination that is anchored in Kittitas County and draws travelers to our area, CHCI does not need lodging tax funds to pay event managers, purchase licenses or cover the cost of rentals. We do not require funding to help us “get started”. What we do need is funding to help us to continue to purchase strategic advertising that is effectively promoting Chimposiums and therefore **increasing the number of visitors we bring to the County.**

Current plans for advertising include, but are not limited to, continuing with our successful campaign in high profile Northwest travel magazines such as Northwest Travel, Alaska Air/Horizon’s in-flight magazines, and the visitors guides distributed by the Yakima and Seattle Visitors & Convention Bureaus and the Kittitas County Chamber of Commerce. We will continue our radio and online spots on Northwest Public Radio. We will also pursue tourism guides for surrounding areas such as Wenatchee and Yakima and online tourism resources.

2. Is this project part of a cooperative effort between organizations and/or multiple jurisdictions with Kittitas County? Yes Explain.

CHCI became a member of the Kittitas County Chamber of Commerce last year in order to work more cooperatively within the community. Staff from CHCI recently met with a representative of the Kittitas County Chamber of Commerce to collaborate on cooperative advertising. Collaborative advertising will reduce costs to individual county businesses and organizations while strengthening the advertising impact for the entire area. For example, for the same price as one 2012 ad, CHCI will be able to advertise in multiple issues of the Alaska Airlines/Horizon in-flight magazine as part of a full page advertisement highlighting local businesses and attractions.

In our contact with the public through visits, phone, and online reservations, many people ask us for information on lodging, restaurants and other activities within the county. We have information in our lobby and on our websites promoting area businesses. Our websites are linked to the Chamber of Commerce website which has up-to-date events and lodging information.

In addition, in an effort to foster a collaborative spirit and increase upper and lower county connections, CHCI plans to increase outreach to Kittitas County by providing a special Chimposium for local hospitality and tourism industry professionals.

**Also, what kind of local monetary support exists for this project?
(Please be as specific as possible; include names of communities and group contributions)**

While we are affiliated with CWU, CHCI is a self-supported institute. We must raise over half of our annual budget every year. CWU provides the building, its maintenance and some salary. However, we must raise the funds for the following:

- to care for the chimpanzees (their food, medical and enrichment),
- to pay the salaries of their caregivers and other program staff, and
- to cover our operational costs such as phones, computers, copier, postage, paper and especially, advertising and marketing.

Although we have an obligation to use CWU services such as the graphic design department, we, in fact, must pay for those from our outside funding.

One critical source of support for this program is the revenue from Chimposium ticket sales. In fiscal year 2012 (July 2011 – June 2012) entrance fees from weekday, weekend, and Advanced Chimposiums grossed \$56,000. **This was a \$6,900 increase from the previous fiscal year which shows the effectiveness of our increased advertising last year.** We rely on CWU students and local volunteers (in-kind donations) to staff the Chimposium programs. We have received funding from City of Ellensburg lodging tax funds each year since 2009 and are asking for funds again this year.

3. Relevance to all of Kittitas County – How will this project help with promoting Kittitas County tourism?

According to the surveys we collect from weekend guests, CHCI is a destination unique to this area. It is the only place of its kind in the world. Our surveys this year revealed that 20% of CHCI visitors came to Kittitas County specifically to learn about and visit with the chimpanzees. Thus CHCI draws visitors to Kittitas County that might not have come otherwise.

This year we asked visitors “Where else will you be visiting on this trip?” Many visitors eat at local restaurants, visit local businesses, buy local gas, and visit other sites in the area or the Saturday Market. There were 28 different activities in Kittitas County that visitors listed. Additionally 39% of our guests indicate that they would be spending at least one night in a hotel/motel. This means visitors to CHCI are spending dollars at other businesses, which supports the local economy and increases dollars in Kittitas County. Regular Chimposiums are only one hour in length, which leaves plenty of time to fill with tourist activities. Advanced Chimposiums are 6+ hours in duration, which results in overnight stays and local spending. We are the perfect complement to other area attractions. Here are the results for county-city events:

4. Please describe the target market for this event or project – who are you trying to attract?

Our target market consists of travelers to the Northwest, tourists passing through Kittitas County, and visitors to Ellensburg. We are targeting higher than state average income with a disposable income to spend on travel.

5. Need – What are the problems/challenges that this project will address?

The 2013 Chimposium Season Advertising & Promotion project faces two challenges: 1) having enough funding to advertise effectively and 2) overcoming obstacles that restrict cost-effective advertising options.

With increased funding we could increase advertising. Increased advertising would increase Chimposium attendance, thereby increasing visitors for Kittitas County. We had hoped to maximize the value of those finite advertising dollars by collaborating with other County organizations and businesses. In general this has not worked out well. According to CWU policies, CHCI cannot align with individual businesses directly, as that would imply favoritism. As a result, collaboration with other businesses is not always possible. In addition, we encountered resistance in our attempts to seek out collaboration with another Upper County entity.

While we will continue to seek additional funding and cost-effective options, receiving a grant from the County Lodging Tax Funds would help to resolve these challenges.

6. Will the project increase occupancy in hotels, motels, RV Parks, and campgrounds within Kittitas County? Please provide projections. Include evidence for your projections (i.e. show your work).

We have surveyed guests since 2010 asking if they stayed in Kittitas County while visiting CHCI. In 2010 and 2011 34% of our guests stayed in the County. With that trend, last year we projected at least 34% again for our 2012 season. Instead we found an increase; 39% of our guests indicated that they would be staying at least one night.

7. Will the project increase sales tax revenue to the County? Please provide projections. Include evidence for your projections (i.e. show your work).

The Institute has a gift shop in our facility that generates sales tax for the county as well as an on-line shop that also generates sales tax.

Retail sales for fiscal year 2012 (July 2011 – June 2012)	\$13,700	increase of > \$2,400 over the previous year
Resulting 8% sales tax	\$1,100	increase of \$200 over the previous year

These figures indicate that the steps taken this past year to increase visitors are successful. This will also create an increase in the taxes and fees visitors pay to hotels, restaurants, grocery stores and gift stores as a result of visiting CHCI as discussed in item #3.

8. Time Frame – Please explain steps you will take to implement this project and the dates on which you expect to accomplish each step.

Since this is an on-going program, our advertising and marketing timeline involves advertising throughout the year. Much of it depends on the amount of funding we are able to obtain. Our current plan is to have the bulk of our advertising in the late winter/spring and summer to attract tourists as they plan their trips and as they travel.

We plan to advertise with the local visitors and welcome guides as they become available.

9. Can your organization demonstrate the ability to sustain operational capacity subsequent to completion of and separate from this project? If no, please explain why. If yes, please provide proof.

The Chimpanzee and Human Communication Institute has offered Chimposiums to the public since 1993, even though it remains largely a self-supported facility. Part of our mission is education, and we will continue to offer Chimposiums indefinitely.

It is our hope that with additional funds from lodging taxes we will be able to expand our advertising into new areas, so that we will attract more visitors each year, thus generating more revenue to support of the programs and the County.

10. How will you measure the success of this project? Please be specific as to performance indicators that will be used to measure your success.

We will measure the success by continuing to track our Chimposium guest numbers as well as surveying the guests to find out how they heard about us, where they are from, if they are staying overnight and what other attractions they plan to visit.

- 11. Future Support – Please explain what plans exist to allow this project to become self-sustaining. Include any plans for tickets sales, event sponsors, and other cost-recovery models.**

This project is already self-sustaining. CHCI's Chimposiums have been a successful program for almost two decades. Whether it be through grants, ticket sales or donations we will continue with our mission to educate the public.

- 12. Does your organization have a legally constituted Board of Directors?**

No.

- 13. Attachments – Please attach a copy of your entire current year's budget. You must include this in order to be considered.**
