Subject: Swiftwater Cellars - MPR/CUP

Hi Mandy,

Doc and I had a chance to talk with Neil this morning regarding the question that came up yesterday as to whether Swiftwater Cellars needed a CUP to have weddings/concerts etc. Neil stated to us, and staff is in agreement, that Swiftwater Cellars is located within the Suncadia MPR so they are not required to obtain a CUP for these types of activities. What is and will be required is the Special Events Permit from your office for any function that will include 300 or more people. Also it is not specific to Swiftwater Cellars; the Lodge, etc. are also required to obtain this permit if they exceed the 300 person threshold for these types of events. It is our understanding that this threshold is not exceeded that often, but if we do become aware of it we will direct them to the BOCC office to obtain the appropriate permit.

Thanks for checking with us yesterday.
