  - (5) The maximum number of DBHR-funded assessments provided to each client, within a one year period, is two (2).
3. A new subsection is added to Section 5, Statement of Work, Subsection k, Youth Outpatient Services as follows:
  - (8) Guiding Principles for Youth Services

Behavioral health services, described in the Statement of Work above, will be delivered in accordance with the DSHS Guiding Principles listed below.

  - (a) Family and Youth Voice and Choice: Family and youth voice, choice and preferences are intentionally elicited and prioritized during all phases of the process, including planning, delivery, transition, and evaluation of services.
  - (b) Family-focused and Youth-centered: Services and interventions are family-focused and child-centered from the first contact with or about the family or child.
  - (c) Team-based: Services and supports are planned and delivered through a multi-agency, collaborative teaming approach. Team members are chosen by the family and connected to them through natural, community, and formal support and service relationships. The team works together to develop and implement a plan to address unmet needs and work toward the family's vision.
  - (d) Natural Supports: The team actively seeks out and encourages the full participation of team members drawn from family members' networks of interpersonal and community relationships (e.g. friends, neighbors, community and faith-based organizations). The recovery plan reflects activities and interventions that draw on sources of natural support to promote recovery and resiliency.
  - (e) Collaboration: The system responds effectively to the behavioral health needs of multi-system involved youth and their caregivers, including children in the child welfare, juvenile justice, developmental disabilities, substance abuse, primary care, and education systems.

- (f) Culturally Relevant: Services are culturally relevant and provided with respect for the values, preferences, beliefs, culture, and identity of the youth and family and their community.
- (g) Individualized: Services, strategies, and supports are individualized and tailored to the unique strengths and needs of each youth and family. They are altered when necessary to meet changing needs and goals or in response to poor outcomes.
- (h) Outcome-based: Based on the family's needs and vision, the team develops goals and strategies, ties them to observable indicators of success, monitors progress in terms of these indicators, and revises the plan accordingly. Services and supports are persistent and flexible so as to overcome setbacks and achieve their intended goals and outcomes.

- 4. The attached Award & Revenues page, Exhibit A, replaces the previous one.
- 5. The maximum consideration is increased by \$37,950 to \$722,638.

All other terms and conditions of this Contract remain in full force and effect.
