### **CATEGORY: Solid Waste Enforcement (SWE)**

- 1. TASK TITLE:** Solid Waste Facility Permitting, Routine Inspection, and Solid and Hazardous Waste Complaint Investigation

**Maximum Eligible Task Cost:** \$80,060.33

**Task Description:** The RECIPIENT will work with stakeholders to permit and inspect solid waste facilities, investigate solid and hazardous waste complaints and provide compliance with Chapter 173-350 WAC, *Solid Waste Handling Standards*, and Chapter 173-351 WAC, *Criteria for Municipal Solid Waste Landfills*, Chapter 173-304 WAC, *Minimum Functional Standards for Solid Waste Handling*, and any related local solid waste regulations, or codes in Kittitas County. During the permitting and inspection processes, the RECIPIENT will ensure that solid waste facilities are in compliance with and are managed in accordance with current and new solid waste regulations. Routine and follow-up inspections will ensure that permitted and permit exempt facilities handle solid and hazardous waste in a manner that is in compliance with local and state regulations. Abatement of solid and hazardous waste complaints and follow up enforcement will ensure that public nuisances and environmental health impacts that are potentially detrimental to public health are minimized.

**Goal Statement:** To maintain a solid waste enforcement program that ensures compliance with local and state regulations by permitting, inspecting, investigating solid and hazardous waste complaints, enforcement, follow-up compliance activities, and monitoring solid waste facilities in Kittitas County in order to reduce the potential risk to human health and the environment.

**Outcome Statement:** At least 75% of permitted facilities will be in substantial compliance with permit conditions, state, and local regulations at all times. One hundred percent of solid waste complaints will be investigated and at least 75% of the investigations not involving abandoned / junk vehicles will be resolved within 60 days of notice to the responsible party. It is estimated that 180 solid waste complaints not involving abandoned / junk vehicles will be

investigated. It is expected that 50% of the number of abandoned / junk vehicles identified and marked after compliance investigations will be removed within 1 year of the notice to remove the vehicle being issued to the property owner. It is estimated that at least 20 property owners will be issued notices to remove junk vehicles from their properties and will have complied with the order.

**Work Plan, Deliverables and Activities Timeline:**

Quarter	Activity

**Goal Statement:** Continue to identify all of the locations where past solid and hazardous waste activities such as closed and abandoned landfills have been located in Kittitas County in order to reduce the potential risk to human health and the environment by making better land use decisions.

**Outcome Statement:** Closed and abandoned landfills have been GPS identified within Kittitas County. The RECIPIENT estimates that half of Kittitas County's closed and abandoned landfills have been located (20 estimated total). It is anticipated that by project completion, the remaining estimated 10 historical landfills will be located.

**Goal Statement:** To maintain a waste tire monitoring and enforcement program to ensure continued compliance with *Chapter 173-350 WAC* in order to prevent waste tire storage issues from becoming potential public or environmental health issues. Mosquito breeding grounds are eliminated and vectors are kept in check.

When this agreement crosses over state fiscal years the obligation of the DEPARTMENT is contingent upon the appropriation of funds during the next fiscal year. The failure to appropriate or allot such funds shall be good cause to terminate this agreement as provided in paragraph K.1 above.

When this agreement crosses the RECIPIENT's fiscal year, the obligation of the RECIPIENT to continue or complete the project described herein shall be contingent upon appropriation of funds by the RECIPIENT's governing body; provided, however, that nothing contained herein shall preclude the DEPARTMENT from demanding repayment of ALL funds paid to the RECIPIENT in accordance with Section O herein.

3. Failure to Commence Work. In the event the RECIPIENT fails to commence work on the project funded herein within four months after the effective date of this agreement, or by any date mutually agreed upon in writing for commencement of work, the DEPARTMENT reserves the right to terminate this agreement.

#### **L. WAIVER**

Waiver of any RECIPIENT default is not a waiver of any subsequent default. Waiver of a breach of any provision of this agreement is not a waiver of any subsequent breach and will not be construed as a modification of the terms of this agreement unless stated as such in writing by the authorized representative of the DEPARTMENT.

#### **M. PROPERTY RIGHTS**

1. Copyrights and Patents. When the RECIPIENT creates any copyrightable materials or invents any patentable property, the RECIPIENT may copyright or patent the same but the DEPARTMENT retains a royalty-free, nonexclusive and irrevocable license to reproduce, publish, recover or otherwise use the material(s) or property and to authorize others to use the same for federal, state or local government purposes.

Where federal funding is involved, the federal government may have a proprietary interest in patent rights to any inventions that are developed by the RECIPIENT as provided in 35 U.S.C. 200-212.

2. Publications. When the RECIPIENT or persons employed by the RECIPIENT use or publish information of the DEPARTMENT; present papers, lectures, or seminars involving information supplied by the DEPARTMENT; use logos, reports, maps or other data, in printed reports, signs, brochures, pamphlets, etc., appropriate credit shall be given to the DEPARTMENT.
3. Tangible Property Rights. The DEPARTMENT's current edition of "Administrative Requirements for Recipients of Ecology Grants and Loans", Part V, shall control the use and disposition of all real and personal property purchased wholly or in part with funds furnished by the DEPARTMENT in the absence of state, federal statute(s), regulation(s), or policy(s) to the contrary or upon specific instructions with respect thereto in the Scope of Work.
4. Personal Property Furnished by the DEPARTMENT. When the DEPARTMENT provides personal property directly to the RECIPIENT for use in performance of the project, it shall be returned to the DEPARTMENT prior to final payment by the DEPARTMENT. If said property is lost, stolen or damaged while in the RECIPIENT's possession, the DEPARTMENT shall be reimbursed in cash or by setoff by the RECIPIENT for the fair market value of such property.
5. Acquisition Projects. The following provisions shall apply if the project covered by this agreement includes funds for the acquisition of land or facilities:
  - a. Prior to disbursement of funds provided for in this agreement, the RECIPIENT shall establish that the cost of land/or facilities is fair and reasonable.
  - b. The RECIPIENT shall provide satisfactory evidence of title or ability to acquire title for each parcel prior to disbursement of funds provided by this agreement. Such evidence may include title insurance policies, Torrens certificates, or abstracts, and attorney's opinions establishing that the land is free from any impediment, lien, or claim which would impair the uses contemplated by this agreement.
6. Conversions. Regardless of the contract termination date shown on the cover sheet, the RECIPIENT shall not at any time convert any equipment, property or facility acquired or developed pursuant to this agreement to uses other than those for which assistance was originally approved without prior written approval of the DEPARTMENT. Such approval may be conditioned upon payment to the DEPARTMENT of that portion of the proceeds of the sale, lease or other conversion or encumbrance which monies granted pursuant to this agreement bear to the total acquisition, purchase or construction costs of such property.

#### **N. SUSTAINABLE PRODUCTS**

In order to sustain Washington's natural resources and ecosystems, the RECIPIENT is encouraged to implement sustainable practices where and when possible. These practices include use of clean energy, and purchase and use of sustainably produced products (e.g. recycled paper). For more information, see [www.ecy.wa.gov/sustainability](http://www.ecy.wa.gov/sustainability).

#### **O. RECOVERY OF PAYMENTS TO RECIPIENT**

The right of the RECIPIENT to retain monies paid to it as reimbursement payments is contingent upon satisfactory performance of this agreement including the satisfactory completion of the project

described in the Scope of Work. In the event the RECIPIENT fails, for any reason, to perform obligations required of it by this agreement, the RECIPIENT may, at the DEPARTMENT's sole discretion, be required to repay to the DEPARTMENT all grant/loan funds disbursed to the RECIPIENT for those parts of the project that are rendered worthless in the opinion of the DEPARTMENT by such failure to perform.

Interest shall accrue at the rate of twelve percent (12%) per year from the time the DEPARTMENT demands repayment of funds. If payments have been discontinued by the DEPARTMENT due to insufficient funds as in Section K.2 above, the RECIPIENT shall not be obligated to repay monies which had been paid to the RECIPIENT prior to such termination. Any property acquired under this agreement, at the option of the DEPARTMENT, may become the DEPARTMENT'S property and the RECIPIENT'S liability to repay monies shall be reduced by an amount reflecting the fair value of such property.

**P. PROJECT APPROVAL**

The extent and character of all work and services to be performed under this agreement by the RECIPIENT shall be subject to the review and approval of the DEPARTMENT through the Project Officer or other designated official to whom the RECIPIENT shall report and be responsible. In the event there is a dispute with regard to the extent and character of the work to be done, the determination of the Project Officer or other designated official as to the extent and character of the work to be done shall govern. The RECIPIENT shall have the right to appeal decisions as provided for below.

**Q. DISPUTES**

Except as otherwise provided in this agreement, any dispute concerning a question of fact arising under this agreement which is not disposed of in writing shall be decided by the Project Officer or other designated official who shall provide a written statement of decision to the RECIPIENT. The decision of the Project Officer or other designated official shall be final and conclusive unless, within thirty days from the date of receipt of such statement, the RECIPIENT mails or otherwise furnishes to the Director of the DEPARTMENT a written appeal.

In connection with appeal of any proceeding under this clause, the RECIPIENT shall have the opportunity to be heard and to offer evidence in support of this appeal. The decision of the Director or duly authorized representative for the determination of such appeals shall be final and conclusive. Appeals from the Director's determination shall be brought in the Superior Court of Thurston County. Review of the decision of the Director will not be sought before either the Pollution Control Hearings Board or the Shoreline Hearings Board. Pending final decision of dispute hereunder, the RECIPIENT shall proceed diligently with the performance of this agreement and in accordance with the decision rendered.

**R. CONFLICT OF INTEREST**

No officer, member, agent, or employee of either party to this agreement who exercises any function or responsibility in the review, approval, or carrying out of this agreement, shall participate in any decision which affects his/her personal interest or the interest of any corporation, partnership or association in which he/she is, directly or indirectly interested; nor shall he/she have any personal or pecuniary interest, direct or indirect, in this agreement or the proceeds thereof.

**S. INDEMNIFICATION**

1. The DEPARTMENT shall in no way be held responsible for payment of salaries, consultant's fees, and other costs related to the project described herein, except as provided in the Scope of Work.
2. To the extent that the Constitution and laws of the State of Washington permit, each party shall indemnify and hold the other harmless from and against any liability for any or all injuries to persons or property arising from the negligent act or omission of that party or that party's agents or employees arising out of this agreement.

**T. GOVERNING LAW**

This agreement shall be governed by the laws of the State of Washington.

**U. SEVERABILITY**

If any provision of this agreement or any provision of any document incorporated by reference shall be held invalid, such invalidity shall not affect the other provisions of this agreement which can be given effect without the invalid provision, and to this end the provisions of this agreement are declared to be severable.

**V. PRECEDENCE**

In the event of inconsistency in this agreement, unless otherwise provided herein, the inconsistency shall be resolved by giving precedence in the following order: (a) applicable Federal and State statutes and regulations; (b) Scope of Work; (c) Special Terms and Conditions; (d) Any terms incorporated herein by reference including the "Administrative Requirements for Recipients of Ecology Grants and Loans"; and (e) the General Terms and Conditions.
