INSTRUCTIONS FOR COMPLETING THE WFI

Cross out outdated information on the WFI, then write-in corrections in any adjacent space available

<table>
<thead>
<tr>
<th>Field Number and Field Name</th>
<th>Instruction</th>
</tr>
</thead>
</table>
| **6. PRIMARY CONTACT NAME & MAILING ADDRESS** | Enter the name of the person who should be contacted regarding the water system’s day-to-day operations. Most DOH mailings will be sent to this person.  
Enter only the mailing address in this part of the box (Do not combine a PO Box with a street address).  
Enter the **Physical Delivery Address** for the contact person if it is different from the normal mailing address. (This address will be used to ship sampling containers or other materials that cannot be delivered to a P.O. Box).  
Example:  
Name & Mailing Address  
ANN SMITH
ATTN (optional)  
P O BOX 3030  
ANYTOWN WA  98000

Physical Delivery Address, if different from Above  
ATTN (Optional)  
1231 MAIN ST  
ANYTOWN WA  98000 |
| **7. OWNER NAME & MAILING ADDRESS** | Enter the name of the person or organization that is the legal owner of the water system.  
Follow the directions and example in field Number 6 (above).  
*If the owner is an organization, there must be an individual listed as the contact for the owner organization.* |
| **9. 24 HOUR PRIMARY CONTACT INFORMATION** | Enter the phone numbers and fax number including area code (and extension, if applicable) for the primary contact for the water system. The e-mail address may be for the system or the primary contact. |
| **10. OWNER CONTACT INFORMATION** | Enter the phone numbers and fax number including area code (and extension, if applicable) for the owner of the water system. |
| **11. SATELLITE MANAGEMENT AGENCY (SMA)** | If the system is NOT owned or managed by a Satellite Management Agency (SMA), check “Not Applicable” and go to #12. If the system IS owned or managed by a SMA, check the applicable box and enter the name of the SMA.  
The SMA number is assigned by DOH. |
| **12. WATER SYSTEM CHARACTERISTICS** | Mark ALL the boxes that apply to your system. You may check more than one box for each service (e.g., a restaurant may be a “Food Service” and a “Commercial”).  
* Agricultural - Commercial crop irrigation/Farming  
* Commercial / Business – Office & retail complexes, nurseries, golf courses.  
* Day Care – Child or adult care facilities (in home or stand alone where the clients do not live 24 hrs. per day).  
* Food Service/Food Permit – Restaurant, coffee shop, bakery, tavern, catering facility, Deli, Grocer, mini-mart.  
* 1000 or more person event for 2 or more days per year – Major event that has a significant impact on your system like a fair, Town festival, major concert  
* Hospital/Clinic – Medical / Dental office or clinic, Surgery Center, Emergency Care Facility.  
* Industrial – manufacturing, assembly facility, food processing facility.  
* Licensed Residential Facility - Nursing home, adult boarding home, foster home.  
* Lodging – Hotel, Motel, Inn – Bed and Breakfast, resort.  
* Recreational / RV Park - Connections serving parks, beaches, ball fields, playground, campgrounds. picnic areas, ski areas, transient recreational vehicle facilities.  
* Residential - Units designed to house one or more family(ies) (e.g., single family houses, apartments, duplexes, and condominiums, mobile home park, etc.) regardless of how many days per year it is occupied.  
* School – K-12 grades, community college, technical training facility, colleges.  
* Temporary Farm Worker Housing / Labor Camp: Facility that provides temporary facilities for workers and their families. May or may not meet the criteria for DOH Temporary Worker Housing licensing.  
* Other – If choosing “other”, please write a brief description in the blank provided (fire station, fraternal organization, grange). |

<tr>
<th>SOURCES</th>
<th></th>
</tr>
</thead>
</table>
| **13. WATER SYSTEM OWNERSHIP** | *Mark only one type of organization that best describes the owner of the water system.*

**Association** – A non-government water system owned by its consumers (sometimes referred to as members). It includes “mutual” water companies.

**City / Town** – A city or town that has been incorporated in accordance with the applicable RCW.

**County** – A water system owned by county government such as a county park, or public works maintenance facility.

**Federal** – A water system owned by the federal government such as veterans hospital, national park, forest service facility.

**Investor** – A privately owned water system where the water system is operated with the intent of making profit. The owner may be regulated (or potentially regulated) by the Washington Utilities and Transportation Commission (WUTC).

**Private** – A privately owned water system, not including Associations, where the water system is not operated with the intent to make a profit. Examples are water systems serving mobile home parks, stores, industries, etc.

**Special District** – A special purpose district that has been created in accordance with the applicable RCW such as a Water or Sewer District, Public Utility District, School District, Fire District or Port District.

**State** – A water system owned by the state such as state park, correctional facility, or department of transportation rest area or maintenance facility.

| **14. STORAGE CAPACITY** | Enter the total storage capacity (in gallons) available for distribution to the users (if 1,000 gallons or greater). Do not include pressure tank(s) in the total.

| **16. SOURCE NAME** | Enter your name for the source (i.e., Park Well). If the source is purchased or an intetie, list the name for the system providing the water. Each well in a well field or spring in a spring field must be identified. Please provide Well Tag number if available.

| **17. INTERTIE** | Enter the ID number of the system providing purchased water or intetie. If you do not know the ID number, contact your DOH regional office.

| **18. SOURCE CATEGORY** | Mark the box that best describes this source. Each source can have only one code. Each well in a well field, and spring in a spring field must be identified individually.

| **19. USE** | Mark the box that best describes how this source is used.

**Permanent** – A source that is used regularly each year for more than 3 consecutive months within a 12-month period. For systems that are in operation for 3 or less months, their sources shall also be considered permanent.

**Seasonal** – A source that is used on a regular basis and does not meet the definition of either permanent or emergency source. Seasonal source *could* be used to supply peak demand.

**Emergency** – A source that has been approved by DOH for emergency use and is *not* used for routine or seasonal peak water demands.

| **20. SOURCE METERED** | Mark this box if this source has a water meter installed.

| **21. TREATMENT** | If this source is not treated, mark the “none” box, otherwise mark the box(es) for each type of treatment provided for this source. If a well in a well field, or a spring in a spring field has its own individual treatment, mark the appropriate box. If all the wells in a well field or springs in a spring field are treated together at one location mark the appropriate box on the well or spring field line. Treatment for an intetie refers only to additional treatment by the receiving system.

| **22. DEPTH TO FIRST OPEN INTERVAL** | For cased wells, enter depth to top of uppermost well screen or perforated casing; for wells completed in rock, enter depth to bottom of sealed casing; for dug wells, enter depth to first unsealed casing joint below the well seal; and for well fields, enter depth of shallowest well. Round off to the nearest whole number.

| **23. CAPACITY** | Enter the actual current capacity of the source, in gallons per minute (gpm), that is available to enter the distribution system under operating conditions. Example: if the source is a well with a pump test of 100 gpm, but only has a 20 gpm pump installed, enter 20 gpm.

| **24. SOURCE LOCATION** | Enter the quarter / quarter designation, section number, township and range location for each source. For Example, SE/SW, Sec.1, T18N, R3E. Source locations can be found on well logs, water right documents or property descriptions.

| **25-A. FULL TIME SINGLE FAMILY RESIDENCES** | Enter the number of single-family residences (including mobile homes) occupied any 180 days or more a year that are served by the water system. If you enter a number in this field, you also need to enter a number for the corresponding population residing in these connections in field #29. A connection is considered active until it is physically disconnected from the water system.
