This road atlas was created through a joint effort between the Kittitas County Department of Public Works and the Kittitas County Information Services Department. This atlas represents the best available road and street information. Due to the fact that names and boundaries change frequently the user is urged to consult the appropriate departments for the most current data. Periodic updates are also posted on the County's Web site at <http://www.co.kittitas.wa.us/publicworks/atlas/>.

Kittitas County believes this is a quality product and stands behind its commitment to the public. If for any reason you are not satisfied with your purchased road atlas, please return in good condition with receipt to the place of purchase.
