Note: "All Property Crimes" represents the combined total of Burglaries, Larcenies, Motor Vehicle Thefts, and Arsons.

Note: 'NP' - If no population data are available in a particular year for a particular agency, crime rates are not calculated or presented for that year.

Note: 'PY' - UCR data are submitted voluntarily to WASPC by law enforcement agencies across Washington State. Sometimes, infrequently, agencies are not able to report a full twelve months of crime data. When an agency submits less than twelve months of crime data, they are included in the crime counts, but crime rates are not calculated. Partial year reporting is further indicated by italics in the Crime Count cell.

Note: 'NR' - UCR data are submitted voluntarily to WASPC by law enforcement agencies across Washington State. Sometimes, infrequently, agencies are not able to report data at all. When an agency does not submit any crime data, neither counts nor crime rates can be calculated or presented.
