ABOUT THE AUDIT

This report contains the results of our independent accountability audit of Kittitas County from January 1, 2011 through December 31, 2011.

We evaluated internal controls and performed audit procedures on the activities of the County. We also determined whether the County complied with state laws and regulations and its own policies and procedures.

In keeping with general auditing practices, we do not examine every transaction, activity or area. Instead, the areas examined were those representing the highest risk of noncompliance, misappropriation or misuse. The following areas were examined during this audit period:

- Collection of forfeited bail bonds
- General disbursements – credit card use and travel
- County Fair – cash receipting
- Sheriff’s Office – cash receipting
- Auditor’s Office – licensing fees
- Probation – fuel card use
- Bid law compliance
- Assessor’s Office
- Community Development Services – building and land use fees
- Citizen concern – lodging tax revenue use
- Solid Waste – cash receipting

RESULTS

In the areas we examined, the County’s internal controls were adequate to safeguard public assets. The County also complied with state laws and regulations and its own policies and procedures in the areas we examined.

FINANCIAL

Our opinion on the County’s financial statements and compliance with federal grant program requirements is provided in a separate report, which includes the County’s financial statements. That report includes a finding for the following deficiencies in internal controls over financial reporting that, when taken together, represent a significant deficiency.

- The County did not have a system that provided adequate oversight of adjusting journal entries to ensure they were accurate.

- The County did not fully implement Governmental Accounting Standards Board (GASB) Statement No. 54 in its 2011 financial statements. County personnel did not understand the new requirements and did not seek additional guidance.

- The County’s review process was not effective in ensuring the financial statements, notes and schedules were reported accurately

FEDERAL GRANT PROGRAMS

We evaluated internal controls and tested compliance with the federal program requirements, as applicable, for the County’s major federal programs, which are listed in the Federal Summary section of the financial statement and single audit report.

AUDIT HISTORY

We audit the County every year. This audit marked the seventh consecutive year no accountability findings were reported for the County.
The State Auditor's Office is established in the state's Constitution and is part of the executive branch of state government. The State Auditor is elected by the citizens of Washington and serves four-year terms.

Our mission is to work with our audit clients and citizens as an advocate for government accountability. As an elected agency, the State Auditor's Office has the independence necessary to objectively perform audits and investigations. Our audits are designed to comply with professional standards as well as to satisfy the requirements of federal, state, and local laws.

The State Auditor's Office employees are located around the state to deliver services effectively and efficiently.

Our audits look at financial information and compliance with state, federal and local laws on the part of all local governments, including schools, and all state agencies, including institutions of higher education. In addition, we conduct performance audits of state agencies and local governments and fraud, whistleblower and citizen hotline investigations.

The results of our work are widely distributed through a variety of reports, which are available on our Web site and through our free, electronic subscription service.

We take our role as partners in accountability seriously. We provide training and technical assistance to governments and have an extensive quality assurance program.
