Elizabeth, thank you for pointing out the disfunction with the website, I will have to get creative on how I title the new documents to have them be at the top I believe It is sorting alphabetical rather than by date modified which would be much easier. If my IT staff can easily fix this sorting to be by date modified that will be an easy fix.

I have attached the additional information I have about the pond and project it also includes the revised narrative let me know if you need any additional documents. Thanks Jamey

Jamey,

Do you have any documents that have more information about this treatment pond? I can't seem to find any except a few sentences in the SEPA saying that it will be included.

Also, I cannot find the "11-21 project narrative" listed in the SEPA in the county documents. Can you please share?

Lastly, I would like to make the request that the county's website have all documents sorted by date, to make reviewing modified plans more easy. Right now, I am having to use the control-F function to find documents amidst the very long list. Documents from December are wedged in between documents from June and February. I can't tell which ones are original versus new.

Thanks,

Elizabeth Torrey
