To whom it may concern,

I am writing this letter in opposition to the proposed #CU-23-0001 3BR Custom Cuts slaughterhouse facility. Primarily our concerns are:

- Increased truck traffic in residential areas
- Loss of property values
- Use of water in a county that already suffers with water supply. Although the application says that it will use the amount of water as a normal household, they do not address the use of water for cleaning the facility
- Contamination of our residential wells due to cleaning and run-off.

Thank you for the opportunity to express our concerns.
