Cory:

Rodger Tutor and Stacey Tutor are vehemently against the processing plant proposed for Wilson Creek Road. That ia a suburban residential area (with the exception of TarpIt which only impedes traffic a little) We live in the area, travel Wilson Creek every day. We are not against this type of business in Valley, but with the amount of homes in the area, many of them down wind, this is not the place for this facility. We would ask that you reconider this proposal. We understand there are several entities that are for this plant, however, pretty sure they wouldn't be if they lived next door to it. Additionally, Homes in that area are valuable and having a meat processing plant next door would impact those values significantly.
