Kittitas County Community Development Services

411 N. Ruby Street, Suite 2

Ellensburg, WA 98926

To Whom It May Concern:

I am writing in regards the project named 3BR Custom Cuts (CU-23-0001).

The location for this project is very close to my home on Game Bird Loop. Common sense suggests a project of this nature would cause a significant increase in the amount of very heavy semi-truck traffic on Wilson Creek and possibly surrounding roadways. These facilities are also accompanied by, a most noticeable and unpleasant outdoor odor. There is also the possibility of contamination of the groundwater supply. I feel that this is likely to be a poor choice of location for such an operation - too close to a large number of new and existing residences. At the least, an extensive environmental impact study is warranted to ensure the safety and security of community members.

I request a copy of the decision that is made with regards to this project.

Thank you for your time.

Sincerely,

Teri Gladen, homeowner
