We are in huge support of this project for our agricultural community and the food industry it supports.

There simply is not enough of these businesses in our local area. This creates huge hardships for livestock producers and the customers they serve. Often we must go out of our community and County to find these services, losing business and tax revenue for our local businesses, their employees and our County.

We own property in the general area of this proposed business and are in total support of it moving forward.

Sincerely,
Terry and Sheri Powers
