Subject: RE: Re-Notice of Application - CU-23-00001 3 BR Custom Cuts
Date: Thursday, May 11, 2023 3:29:51 PM

Good afternoon Jim,

The comments submitted during the original notice and re-notice are part of the official record for 3 BR Custom Cuts and will be included in the review. However, due to the application, site plan, SEPA Checklist and Narrative changes, as well as additional information regarding the offal plan and waste water plan, some comments may be irrelevant to the revised application. I believe it would be up to each individual commenter to determine if revisions to their comments would be needed once review of the new application material has been completed.

Please let me know if there are any follow-up questions.

Thank you,

Kelly Bacon

Good morning, Kelly,

I was informed that our previous letters of protest will be covering the same environmental and other related concerns that many neighbors have regarding this proposed project, and that we will not have to submit new letters concerning the same issues.

Am I correct in assuming that this is still true, or do we have to submit new letters?

Thank you,
Jim Ritter

Good morning,

CDS is requesting comments on the following Conditional Use Application: CU-23-00001 3 BR Custom Cuts. This project is being re-noticed due to the overall design and construction of the Agricultural Processing Facility changing from multi modular units to a single 10,000 square foot processing facility. Links to the file materials can be found below. The comment period will end at 5:00pm on May 26, 2023. CDS will assume your agency does not wish to provide comment if not received by this date. Please let me know if you have any questions or issues accessing the materials.
