Craig,

We are planning to submit Phase 2 (135 Lots) of the Black Horse plat Friday. This is the remainder of the north half of the site.

Can you confirm that the City will provide domestic water to the site and there is water available to meet the Kittitas County Department of Environmental Health requirements.

Thanks.

Craig,

I am planning to submit the first phase of the final plat for Black Horse today. Can you confirm that the City is providing domestic water to the site and there is water available to meet the Kittitas County Department of Environmental Health requirements.

Thanks.
