Subject: RU-24-00001 Horish & SE-24-00013 Horish Comments Follow-Up

Hi Sydney & Connor,

I wanted to provide some clarification on this driveway project. Linda Horish, the applicant, is wanting to construct a driveway, as explained in the application materials & NOA. However, what has not been explained in the application is that the applicant is stating that they are not excavating dirt or scraping off topsoil or vegetation for the construction of the driveway. Their plan is to lay gravel directly on the ground. While this information is not detailed in the application, it has come up in conversation with the applicant several times through phone calls & in-person meetings/conversations. We wanted to pass this information onto you.

Would this new information impact your comments on the reasonable use (RU-24-00001 Horish) & SEPA (SE-24-00013 Horish) projects?

Please don't hesitate to reach out with any questions.

Best,
Bradley
