Kelly-

My apologies I mixed this comment up with the same comment from a previous review email.

Apply it to RZ-22-00004 & CP-22-00004 Teanaway Ridge please.

Have a good afternoon,

Luke

Kelly-

DNR appreciates the opportunity to provide SEPA comments for the proposed RZ-22-00005 & CP-22-00005 Mardee Lake - Notice of Application. DNR would like to formally note that current or future landowners of properties within the proposed rezoned area may need an approved Forest Practices Application (FPA) prior to conducting timber harvest, whether for commercial sales of the timber or for the removal of trees to create clearings for homes. These comments are intended to protect

typed water and other natural resources, but please note that DNR is not requesting the project proponent apply for a FPA at this time, but rather when they (or future owners of lots yet to be created) plan to conduct timber harvest or convert portions of these properties to non-forestry (i.e. for residential use).

Respectfully-

Luke
