Kelly,

Please find attached Final Conditions Compliance Document showing all final conditions have been met. Please also find revised lot closures based on the requested revised layout per Public Health and the email from Jesse Cox explaining all Public Health conditions have been met. Please let us know when final approval is received so we can prepare mylars for signatures. We are hoping to route mylars ASAP so we can record prior to the County recording fee being raised on July 25th.

Thanks,

Val Ward

President
