Kelly-

Kittitas PUD currently provides electricity to parcel 335133 and 355133 by underground conductors along the access driveway on the west side of the proposed plat. The source of power comes from the PUD overhead lines on the south side of Manastash Road. The overhead lines on the North side of Manastash Road (south property boundary) of the plat are owned and operated by Puget Sound Energy. Developer must use the 811 "Call before you dig" before excavating and working around existing facilities. To alter, relocate, extend or remove power facilities or obtain power service to new lots 2 and 3; land owner and/or developer are encouraged to apply for service at the Kittitas PUD. Applications are available at www.kittitaspud.com
