Zach Torrance-Smith, Planner I  
Community Development Services  
411 N. Ruby Street  
Ellensburg, WA. 98926

Dear Zach,

The following comments are the Environmental Public Health comments on the SP-24-00006 Hull – Notice of Application.

The applicant is proposing shared and individual wells for the proposed lots 1, 2, and 3. Lot 3 has an existing well and septic system. Any wells drilled for the remaining two lots must be 50 feet from all property lines. Lots 1 and 2 can share a well if a signed, notarized and recorded shared well user's agreement is provided to the health department. Public health requires the well logs for the 3 proposed lots be submitted prior to final plat signature.

Soil logs must be performed on lots 1 and 2 prior to final plat signature.

Thank you for this opportunity to comment. If you have any questions, please don't hesitate to give me a call.

Sincerely,

A handwritten signature in black ink that reads "Holly Erdman".
