Hi Bradley,

I've attached our earlier comments on this project for the Shoreline Variance and Reasonable Use applications. As we've stated earlier, WDFW believes this project falls under the Shoreline regulations, and not the critical areas regulations, where the new proposed driveway is adjacent to Wetland D. Additionally, the critical areas report does not adequately address all fish and wildlife habitat conservation areas or Priority Habitats and Species, nor does it address frequently flooded areas or the Channel Migration Zone.

We do not believe adequate mitigation is proposed for the impacts to the wetland buffer within the Shoreline Jurisdiction with construction of the proposed driveway.

We'd be happy to discuss this more with the County and/or proponents of the project.

Thank you,
Jen
