Good afternoon,

I've attached the fees required for a SEPA Permit. We would need a check or cash for the fees. We would be able to take in the application, create the SEPA Application and then send an invoice. Keep in mind this will add time to the process due to you guys having to mail the check in after we receive the application. You're also welcome to drop by the office if you're local.

Subject: Application Fees

Good morning,

Soon I will be mailing in an ACUP/SEPA application on behalf of a King County organization called King County Puget Sound Emergency Radio Network (PSERN). Due to administration reasons, King County PSERN cannot provide a check along with the application. Is there any way for Kittitas County to provide an invoice to King County PSERN, or the applicant, once the application is received? Or is there any other options for King County PSERN to pay the fees, other than check or cash?

Please let me know if you have any other questions.

Thank you

Bryson Burghardt
