Re: Macintosh (BL-10-00038)

Dear Mr. Watson:

After conducting a review of the above named project, I have the following comments:

- Ensure that boundary line adjustments do not infringe upon existing structures, to include propane tanks, etc.
- Creation of any additional roads or access must comply with the International Fire Code.
- All future development must comply with the International Fire Code.
- Any future lots created off the original parent parcel will require fire flow per the International Fire Code.

Any questions or concerns regarding fire service features may be directed to the Kittitas County Fire Marshal's Office at 509-962-7000.

Sincerely,

Brenda Larsen
