Good morning Chuck,  
Sorry for the delayed response. Although I am a bit confused with the whole Roberto map, he had met our requirements previously so he may just have to supply me with an updated water plan. I will work with Joe on that and come up and chat with you next week if you are available so you can hopefully explain how the new configuration is to be. For now, he is good to go. Let me know if you need anything further.  
Keli

Keli,

I'm checking to see if Joe Roberto has fulfilled the KRD requirements for his boundary line adjustment.

Chuck
