**Attachments:** BL-12-00017 Armstrong PW Comments.pdf

I've attached the Public Works comments; it looks like the 30 foot access easement on the east boundary will need to be extended. This would be in the legal description which Chris will formalize after receiving preliminary approval. Once that comes in PW will give approval and we'll kick it over to the assessor... I'll get things rolling first thing this morning and send it over in a bit.

"public works conditions" would be.....?

and "subject to a legal description" ? – Chris Cruse has developed the new one, but do you mean it has to be approved by the Assessor?

A quick glance looks like everybody's (agencies) checked in. I'll give it the once over and if everything is good I'll issue a preliminary approval subject to Public Works conditions, a legal description, and the full years taxes being paid. Once that is complete I'll issue final approval and kick it over to the Assessor for mapping. If she hits a glitch she'll let you know. I've placed all of the documentation to date on line [HERE](#) under your # BL-12-00017 Armstrong (should be near the bottom).

Thanks Jeff – what happens next? This goes to the Assessor? Treasurer?

Hi Jeff – Ryan from the City is saying that Craig called and emailed you Tuesday to notify you that we were clear with them.... Could you check your email maybe?

Thanks

Sue
