Christina

Daugherty dropped off his KRD crossing permit last night that shows the existing access. When the driveway was constructed it was straightened across the KRD to allow for access for larger trucks needed for construction.

It is 7.91' from the corner of the KRD r/w to the proposed boundary as you highlighted in red. Please review and contact me back with any questions.

Thanks,

Hi Chris,

It looks like this BLA is to correct an encroachment onto the Umland property. Is it possible for you to show the actual driveway location on the "proposed" drawing?

What is the distance between the KRD NE corner and the proposed boundary (see red line on attachment)? It look like it's only about 10'. I will not be able to approve this BLA with that narrow of width without an easement.

Thanks,
