FROM: Christina Wollman, Planner II *CW*  
DATE: September 3, 2013  
SUBJECT: Rinehart BL-13-00006

The Public Works Department has reviewed the Request for Boundary Line Adjustment and finds that it meets current Kittitas County Road Standards.

Road Variance RV-13-13 was granted to allow an access that does not meet spacing requirements.

**Our department recommends final approval with the following conditions:**

- a. An approved access permit shall be required from the Kittitas County Department of Public Works prior to creating any new driveway access or performing any work within the county road right of way.
- b. Maintenance of driveway approaches shall be the responsibility of the owner whose property they serve. The County will not maintain accesses.
- c. Any further subdivision or lots to be served by proposed access may result in further access requirements. See Kittitas County Road Standards.
- d. Evidence of existing access and/or evidence of access to be created should be confirmed prior to sale of property.
- e. Access is not guaranteed to any existing or created parcel on this application.
