CROSSING LICENSE

THIS CROSSING LICENSE made and entered into this 16th day of September 2013, is by and between KITTITAS RECLAMATION DISTRICT, a corporation, ("KRD" or "Licensor") and **Matt Coe**("Licensee") (referred to collectively as the "Parties").

I. RECITALS

A. The KRD is an irrigation district organized under Chapter 87.03 RCW. The KRD owns or has a right to use and operate irrigation canals, laterals, roads and irrigation control facilities ("KRD Property") to transport irrigation water to land within the KRD service area under agreements with the United States Bureau of Reclamation (USBR), which agreements give the KRD the right and authority to grant third parties the right to use said canals and property in Kittitas County, State of Washington.

B. Licensee desires to cross the KRD property as set forth on Exhibit A, attached hereto and incorporated by reference, to access or cross property Licensee owns, which is described as:

Parcel U of that certain Survey as recorded June 24, 2003, in Book 29 of Surveys, pages 16 through 18, under Auditor's File No. 200306240041, records of Kittitas County, Washington, being a portion of the East 1/2 of the NE 1/4 of Section 8, Township 18 North, Range 19 East, W.M. in the County of Kittitas, State of Washington.

C. The KRD is willing to grant a license to Licensee for the crossing, construction, placement, repair and maintenance described in this agreement. Upon the terms and conditions in this Agreement, Licensee is willing to hold the KRD harmless from any loss, damage, liability or expense arising because of this License.

NOW, THEREFORE, for and in consideration of the mutual provisions in this agreement and no monetary consideration, the Parties agree as follows:

II. TERMS AND CONDITIONS

1. Grant of License. The KRD grants permission and a license to Licensee to use the KRD Property as set forth above and as described on **Exhibit A**, attached hereto, under the conditions and terms in this Agreement. Licensee agrees this License does not give Licensee an ownership interest in the KRD Property and Licensee's use of the KRD Property as set forth in this Agreement is permissive and shall not give the Licensee, its heirs, successors and assigns any claim of title by adverse possession or an easement by prescription.

2. Description of Crossing Facility. The use by Licensee shall be at the location and in the manner specified on the attached **Exhibit A** (Crossing Facilities), provided that at no time shall the construction, operation, repair, maintenance or use of the Crossing Facilities by Licensee disturb, change, or alter in any manner the existing canals and laterals or the KRD's use and operation of the canals or KRD Property.

3. Cost of Construction, Repair and Maintenance. Licensee, at its sole cost and expense, shall construct, repair, and maintain the Crossing Facilities. The Crossing Facilities shall be constructed, repaired, and maintained in such a manner so the Crossing Facilities or Licensee's use of the Crossing Facilities will not cause loss or damage to the KRD, its water users or interfere with the KRD's operation of its irrigation water delivery system. All construction, repair, or maintenance of the Crossing Facilities shall be approved in advance by the KRD and completed under the inspection and subject to the approval of the KRD. Licensee shall perform all work to be done under this Agreement in such a manner so as not to cause loss or damage to the KRD, KRD Property, KRD water users or any third person, or interfere with the operation of the KRD system. As used in this Agreement, the terms "interfere with its operations" or "interfering with its operations" means the interference with or interruption of the flow of water in or the use by KRD or the maintenance by KRD of the KRD canals, laterals and the KRD Property or of the continuous delivery of water by the KRD.

4. Notice to the KRD. Prior to construction, repair, maintenance or redesign of the Crossing Facilities, Licensee shall give advance written notice of Licensee's intention to perform such work to the KRD and provide the KRD with sufficient information as to the details so the KRD can either approve or deny the proposed work, and have an opportunity to be present when such construction, repair, or maintenance is performed.

5. Indemnification and Hold Harmless. Licensee shall defend, indemnify and hold the KRD harmless from any and all claims, losses, damages, liabilities, obligations, costs or expenses, including reasonable attorney's fees, which result from Licensee's construction, repair, maintenance or use of the Crossing Facilities or from Licensee's breach of any covenant or obligation created in this agreement or arising under law because of Licensee's use of the Crossing Facilities.

6. Breach by Licensee. If Licensee fails to perform any duty or obligation required to be performed under this Agreement, the KRD may, at its option, perform said duty or obligation. Licensee shall promptly reimburse the KRD for all expenses KRD incurred in performing the duty or obligation.

7. Assumption of Risk by Licensee. Licensee assumes all risks now known or unknown arising because of Licensee's use of the Crossing Facilities or from this Agreement, and recognizes that damages or injuries could occur during Licensee's operation, repair, maintenance or use of the KRD property.

8. Insurance. Licensee shall obtain and provide \$1,000,000 of insurance coverage for each event from which liability or claims may arise incident to the construction, repair, maintenance, operation, use or existence of the Crossing Facilities authorized by this Agreement. The insurance shall name the KRD as an additional insured, and Licensee shall provide the KRD with a Certificate of Insurance upon demand by the KRD. In no event shall the limit of insurance limit the Licensee's liability to the KRD.

9. Termination of License. If the KRD finds in the KRD's sole and absolute discretion that removal of the Crossing Facilities is necessary or desirable for operation of its canal or use of its easement or if this agreement is terminated, Licensee, at its sole cost and expense, shall remove such Crossing Facilities authorized or constructed because of this agreement upon the KRD's request. If Licensee fails or refuses to remove any such structure or improvement, the KRD may remove the same and charge the expense of removal to Licensee. Nothing in this agreement shall impair the rights of the KRD under this paragraph to terminate or modify the license granted by this agreement.

10. Breach of Agreement. If the Licensee breaches this agreement the KRD may, at its election, terminate this agreement.

11. Modification of the Crossing Facilities. This grant of license to use the KRD Property described shall be modified at the sole expense of Licensee to the extent required by the KRD for the efficient and/or desirable operation of its canal and water distribution system. If Licensee refuses or fails to modify the Uses Facilities as required by KRD then this License shall terminate.

12. Attorneys' Fees. If any legal action is brought to enforce or interpret this Agreement, the prevailing party shall be entitled to recover from the other party, reasonable attorneys' fees as determined by the court in addition to the costs allowed by law. The venue for any action brought upon this Agreement shall be in Kittitas County, Washington. This Agreement shall be governed by and construed under the laws of the state of Washington.

13. Successors and Assigns. This License shall be binding upon Licensee, and Licensee's successors and assigns, and shall run with the land described above in Recital B.

14. Recording. The KRD reserves the right to record this License.

Dear Jeff

I contacted the KRD this morning and talked with Ken Hasbrouck. After describing the public works request for an easement crossing as a part of the approval process for the BLA, I received a License agreement, have filled it out, and have an exhibit A (map) prepared for submittal. He is in agreement with all aspects and conditions as requested by Public Works, and he will provide me with all the construction and material details to conform with KRD specifications.

Thanks for taking me off the rack and putting me on your desk.

MEMORANDUM

TO: Jeff Watson, Community Development Services
FROM: Christina Wollman, Planner II *[Signature]*
DATE: September 3, 2013
SUBJECT: Brady BL-13-00019

The Public Works Department has reviewed the Request for Boundary Line Adjustment Application. In order to ensure that it meets current Kittitas County Road Standards, the applicant needs to provide the following prior to final approval:

1. An access easement crossing the KRD lateral at the private road or a KRD crossing permit for a separate location shall be required prior to final approval to ensure legal access to the new section of the parcel.
2. A revised legal description that describes the final configuration of the subject property shall be required.

The applicant needs to be aware of the following:

- a. An approved access permit shall be required from the Kittitas County Department of Public Works prior to creating any new driveway access or performing any work within the county road right of way.
- b. Maintenance of driveway approaches shall be the responsibility of the owner whose property they serve. The County will not maintain accesses.
- c. Any further subdivision or lots to be served by proposed access may result in further access requirements. See Kittitas County Road Standards.
- d. Evidence of existing access and/or evidence of access to be created should be confirmed prior to sale of property.
- e. Access is not guaranteed to any existing or created parcel on this application.

In addition to the above-mentioned conditions, all applicable Kittitas County Road Standards apply to this proposal. Please let me know if you have any questions or need further information.
