Dear Mr. Watson:

After conducting a review of the above named project, I have the following comments:

- Ensure adequate access for fire apparatus. Any driveways or access points created based off the new lot configurations shall comply with Kittitas County Code 20.02.030.
- All future development must comply with the International Fire Code.

Jeff,

Being so closed to Ronald, I cannot determine whether the property is served by sewer and water from the city... I think there is a need for a section in the application that asks existing / proposed sewer and water source.

The site map makes no reference.
