After Review of this BLA, it appears that the proposed changes will incorporate the existing home, well and septic system onto one parcel and that the well and septic meet all applicable setbacks to property lines. Based on this information EH recommends approval of this BLA.

Please let me know if you have any questions or need further information.

### MEMORANDUM

---

TO: Jeff Watson, Community Development Services  
FROM: Christina Wollman, Planner III *CW*  
DATE: March 4, 2014  
SUBJECT: Forgey BL-14-00002

The Public Works Department has reviewed the Request for Boundary Line Adjustment Application. In order to ensure that it meets current Kittitas County Road Standards, the applicant needs to provide the following prior to final approval:

1. A revised legal description that describes the final configuration of the subject property shall be required.

The applicant needs to be aware of the following:

- a. An approved access permit shall be required from the Kittitas County Department of Public Works prior to creating any new driveway access or performing any work within the county road right of way.
- b. Maintenance of driveway approaches shall be the responsibility of the owner whose property they serve. The County will not maintain accesses.
- c. Any further subdivision or lots to be served by proposed access may result in further access requirements. See Kittitas County Road Standards.
- d. All roads located within this development or roads that provide access to this development shall be constructed to current county road standards unless any other maintenance agreements, forest service road easements or state easements require higher road standards. The higher of the road standards shall apply.
- e. Evidence of existing access and/or evidence of access to be created should be confirmed prior to sale of property.
- f. Access is not guaranteed to any existing or created parcel on this application.

In addition to the above-mentioned conditions, all applicable Kittitas County Road Standards apply to this proposal. Please let me know if you have any questions or need further information.

Re: Forgey (BL-14-00002)

Dear Mr. Watson:

After conducting a review of the above named project, I have the following comments:

- Ensure that boundary line adjustments do not infringe upon existing structures, to include propane tanks, etc.
- Ensure adequate access for fire apparatus. Any driveways or access points created based off the new lot configurations shall comply with Kittitas County Code 20.02.030.
- All future development must comply with the International Fire Code.

Any questions or concerns regarding fire service features may be directed to the Kittitas County Fire Marshal's Office at 509-962-7000.

Sincerely,

*Brenda Larsen*
