Keli - Below is a link to the Schnebly BLA that Marsha discussed with you a while back. The property is showing up as under KRD on county's information and Kaycee needs your consent to continue processing. All property being adjusted is above the highline as per the attached map. I was hoping you could please review the below link and contact Kaycee to let her know that this property is outside of KRD's irrigation district or let me know what you need from us for consent.

Thanks,

Hey!

Sorry it took me so long to respond. Since our mapping system says that this parcel lies within KRD I will need an email from Keli stating that this property is not within KRD Jurisdiction.

Thanks,

The property is above the north branch canal outside of KRD's boundaries and has no irrigation rights.

Thanks,

Hello,

I am trying to sign this one off, but it doesn't look like I have Irrigation approval.

Good morning,
KRD had no irrigable ground on this property above the North Branch Canal. Our General Guidelines do not apply to this project.

Let me know if you need anything further.
Keli Bender
